ANNOUNCEMENT

POLICY ON ILLUSTRATIONS FOR THE *JOURNAL*

Beginning with the January 1988 issue, the *Journal of Paleontology* will change to a page size of $8\frac{1}{2} \times 11$ inches. Therefore, effective immediately, figures accompanying manuscripts submitted for publication must be at full page size of 18.3×23.3 cm, or at double column width of 18.3 cm, or at single column width of 9.0 cm. All figures must be submitted at publication size and each mounted upon $8\frac{1}{2} \times 11$ in. (21.5×28 cm) white cardboard. Background may be either white or black. Only original prints of half-tone illustrations will be accepted, because those that previously have been screened will not provide acceptable reproduction. Use numbers (not letters) to identify multiple parts of a figure. Half-tones mounted as multiple square or rectangular parts of a figure should be butted together along straight lines with numbers affixed on the lower right-hand corners of the different parts.
