politiques et pratiques sociales** 79

Institute of Aging

Institut du vieillissement

The Institute of Aging supports research that promotes healthy aging and addresses causes, prevention, screening, diagnosis, treatment, support systems, and palliation for a wide range of conditions associated with aging.

L'Institut du vieillissement appuie la recherche visant à favoriser un vieillissement en santé et à étudier les causes, la prévention, le dépistage, le diagnostic, le traitement, les systèmes de soutien et les soins palliatifs relativement à un large éventail de conditions associées au vieillissement.

Institute Priority Topics

- Healthy and successful aging
- Biological mechanisms of aging
- Aging and maintenance of functional autonomy
- Cognitive impairment in aging
- Health services and policy relating to older people

Priorités de recherche de l'Institut

- Vieillir en santé
- Mécanismes biologiques du vieillissement
- Vieillesse et maintien de l'autonomie fonctionnelle
- Troubles cognitifs au cours du vieillissement
- Politiques et services de santé pour les personnes âgées
