On the Relevance of Metaethics

New Essays on Metaethics

Jocelyne Couture and
Kai Nielsen, editors

Canadian Journal of Philosophy,
Supplementary Volume XXI

\$24.00 (Outside Canada: \$US24.00)
ISBN 0-919491-21-9 ISSN 0229-7051

Around mid-century metaethics held centre stage in discussions of moral philosophy in Anglo-American and Scandinavian philosophical environments. During the 1970s, its "foundational" position was challenged by developments within analytic philosophy itself, by a renewal of systematic substantive ethics largely, but not exclusively, of a Rawlsian inspiration and by a reinvigorated interest in substantive moral problems on the part of philosophers. However, as work went on here, philosophers encountered problems concerning the methods of moral reasoning and the structure of justification of moral claims that were recognized to be metaethical. This led to a renewal of metaethics now freed from its previously narrow linguistic focus and aprioristic restrictions.

The essays in this volume contribute both to this renewal and to a continued skeptical probing of the very rationale of moral philosophy.

Contents include:

- *Jocelyne Couture and Kai Nielsen*
Introduction: The Ages of Metaethics

Philosophy

Philosophy is the journal of the Royal Institute of Philosophy, which was founded in 1925 to build bridges between specialist philosophers and a wider educated public. The journal continues to fulfil a dual role: it is one of the leading academic journals of philosophy, but it also serves the philosophical interests of specialists in other fields (law, language, literature and the arts, medicine, politics, religion, science, education, psychology, history) and those of the general reader. Contributors are required to avoid needless technicality of language and presentation. Each issue contains an editorial on a topic of philosophical or public interest, and a 'New Books' section.
