

# Psychological Medicine

*Editor*

**MICHAEL SHEPHERD**

*Professor of Epidemiological Psychiatry, Institute of Psychiatry,  
University of London*

*Psychological Medicine* publishes original research in clinical psychiatry and the basic sciences related to it. These comprise not only the several fields of biological inquiry traditionally associated with medicine, but also the various psychological and social sciences whose relevance to medicine has become increasingly apparent. Editorials and commissioned review articles are published regularly. The journal also carries an extensive book review section.

Two monograph supplements to the journal will be published each year and will be sent free to subscribers. They may also be purchased separately. The current titles are:

1. Sex differences in psychological well-being  
*by* MONICA BRISCOE (1982)
2. Long-term community care: experience in a London borough  
*edited by* J. K. WING (1982)
3. The alcoholic brain: CT scan and psychological findings  
*by* MARIA A. RON (1983)
4. Psychiatric and social aspects of premenstrual complaint  
*by* ANTHONY W. CLARE (1983)
5. Hypertension: psychological aspects and diagnostic impact in a clinical trial  
*by* ANTHONY MANN (1984)
6. The effectiveness of attached social workers in the management of depressed female patients in general practice  
*by* ROSLYN H. CORNEY (1984)
