

General Notes

TEMPORAL BONE SURGICAL DISSECTION COURSE

OFFERED BY

THE DEPARTMENT OF OTOLARYNGOLOGY

THE UNIVERSITY OF MICHIGAN MEDICAL SCHOOL, ANN ARBOR, MICHIGAN

COURSE DIRECTOR: JOHN L. KEMINK, M.D.

1989:			16–20 October	13–17 November
1990:	2–6 April	14–18 May	15–19 October	12–16 November

Intensive one-week courses emphasize the surgical and anatomical approaches to the temporal bone, and are presented in a manner relevant for the otologic surgeon, utilizing lectures, videotapes, and dissection.

Mornings and afternoons are spent in the dissection laboratory, giving extensive drilling experience in temporal bone anatomy and surgical techniques. All instruments and high-speed handpieces will be provided.

Course fee is: Physicians \$1,000 Residents \$750

For further information write:

John L. Kemink, M.D.,
Box 0312 Taubman Medical Center,
1500 E. Medical Center Drive,
Ann Arbor,
Michigan 48109, U.S.A.

GRAY'S INN ROAD ENT FELLOWSHIP COURSE

11–22 September, 1989

(for students taking the Final F.R.C.S. in Otolaryngology)

This two week, full-time course is *limited to twenty senior students who are about to take the final F.R.C.S.* In addition to a series of lectures/demonstrations at the appropriate level, both in the specialty and in related branches of general surgery, the course will include a number of clinical and viva voce sessions, and the settling and correction of test papers.

Course Tutors: Mr C. M. Bailey and Mr C. B. Croft

Course Fee: £365.00 (Meals and refreshments not included apart from the Course Dinner).

All applications must be accompanied by the course fee. Cheques should be made payable to University College, London and sent together with the completed application form to:

Cheryl Overington,
Courses Organizer,
The Institute of Laryngology & Otology,
330–332 Gray's Inn Road,
London WC1X 8EE.
Telephone: 01-837 8855 Extension 4218

THE TWJ FOUNDATION

The Trustees of the TWJ Foundation
invite applications for
AN OTOLOGICAL CLINICAL AND RESEARCH FELLOWSHIP
tenable at
THE DEPARTMENT OF OTOLARYNGOLOGY, ANN ARBOR
IN THE UNIVERSITY OF MICHIGAN
for six months during 1990

Professor John Kemink will act as Clinical Tutor to the Fellow and the emphasis will be on neuro-otology and skull base surgery. The Fellow will also participate in research in the Kresge Laboratory under the direction of Dr J. Miller.

Applicants must be Fellows of one of the Royal Colleges of Surgeons and a Senior Registrar in Otolaryngology in an appointment recognized for Higher Surgical Training.

Further details concerning applications should be obtained *now* from:

The Trustees of the TWJ Foundation,
Courtlands, 61 Kingswood Firs,
Grayshott, Hindhead,
Surrey GU26 6ER

The closing date for formal applications will be Saturday, 14 October, 1989.

THIRD ANNUAL CONFERENCE
INTEGRATED MANAGEMENT OF HEAD & NECK CANCER
A Residential Course for Trainees in
Head & Neck Oncology (Surgeons, Pathologists, Radiotherapists)
at
NOTTINGHAM UNIVERSITY on 17-22 September, 1989

Formal Lectures and Panel Discussion on
• Diagnosis • Histopathology • Management • Complications • Rehabilitation •
‘Salvage’ • Combined Clinic

Lecturers: P. J. Bradley, F.R.C.S., K. A. MacLennan, M.R.C.Path, D. A. L. Morgan, F.R.C.R.,
P. Selwyn, F.D.S.R.C.S., F. Robinson, L.C.S.T.

For further information:

Mr P. J. Bradley,
Consultant ENT Surgeon/Head & Neck Oncologist,
University Hospital,
Queen's Medical Centre,
Nottingham NG7 2UH.

Telephone enquiries: Nottingham (0602) 421421 extension 4569

THE TWJ FOUNDATION

The Trustees of the TWJ Foundation
invite applications for
A CLINICAL AND RESEARCH FELLOWSHIP IN OTOLOGY
FUNDED JOINTLY WITH THE UNIVERSITY OF TORONTO
and tenable in
THE DEPARTMENT OF OTOLARYNGOLOGY, THE UNIVERSITY OF TORONTO
for a period of six to twelve months during 1990

The holder will be a member of the Department of Otolaryngology of the University of Toronto under the direction of Professor Peter Alberti and will carry out clinical and research work with Professor Michael Hawkes in the Ear Pathology Research Laboratory and eventually prepare papers for publication.

Applicants must be Fellows of one of the Royal Colleges of Surgeons and a Senior Registrar in Otolaryngology in an appointment recognized for Higher Surgical Training.

Further details concerning applications should be obtained *now* from:

The Trustees of the TWJ Foundation,
Courtlands,
61 Kingswood Firs,
Grayshott, Hindhead,
Surrey GU26 6ER

The Closing Date for formal applications will be
SATURDAY, 23 SEPTEMBER, 1989.

INSTITUTE OF LARYNGOLOGY AND OTOLOGY
UNIVERSITY COLLEGE AND MIDDLESEX SCHOOL OF MEDICINE
ROYAL NATIONAL THROAT, NOSE AND EAR HOSPITAL
MSc in
AUDIOLOGICAL MEDICINE

A new one-year full-time taught course commencing in October 1989 for audiological physicians, otolaryngologists, community physicians, paediatricians and neurologists, leading to an MSc of the University of London.

The course will provide a comprehensive introduction to the scientific and technical aspects of this specialty, and utilizes the facilities and clinical material available at the associated Royal National Throat, Nose and Ear Hospital.

Further details from:

The Secretary,
Institute of Laryngology and Otology,
330-332 Gray's Inn Road,
London, WC1X 8EE.

Tel: 01-837 8855 Extension 4214.

Informal enquiries to:

Professor R. Hinchcliffe,
Professor of Audiological Medicine,
Extension 4321/4322.

ANNOUNCEMENT

The congress **UPDATING IN PHONIATRICS AND LOGOPEDICS** will be held in Milan, Italy, on November 13–16, 1989. A distinguished faculty including invited speakers will present lectures and practical sessions on a wide variety of topics related to phoniatrics and logopedics. The main topics will be: basic sciences, diagnosis, therapy and rehabilitation of all pathological pictures of communications disorders: dysphonia, mechanical peripheral dysplasias, fluency impairments, aphasia, anarthria and dysarthria, delayed speech development, dementia and aging problems, auditory impairment/deafness, socio-emotional communication disorders, miscellaneous troubles. No limit in number of participants is envisaged.

Participants to the symposium will be able to participate in two courses:

(1) February 12–16, 1990
**CLINICAL AND PROPAEDEUTICAL MATTER OF DYSPHONIAS. MECHANICAL
 DYSLALIAS AND FLUENCY IMPAIRMENTS**
 Practical exercises.

(2) June 11–15, 1990
**CLINIC OF APHASIA, DYSARTHRIA, MENTAL DEFICIENCY, AUDITORY DEAFNESS,
 SOCIO-EMOTIONAL COMMUNICATION DISORDERS AND LEARNING**
 Practical exercises.

These courses will be reserved to a limited number of the Master's participants and they will get a certificate of attendance from the Scuola di Specializzazi in Foniatria della Università di Milano (School of Specialization in Phoniatrics of the University of Milan).

For further information concerning the symposium and the courses contact:
 Centro Ricerche e Studi (CRS) Amplifon,
 Via Ripamonti 129,
 20141 Milano,
 Italy.

EIGHTH BRITISH ACADEMIC CONFERENCE IN OTOLARYNGOLOGY

Dublin, July 1991

Master: Professor Donald Harrison, M.D., M.S., Ph.D., F.R.C.S.

The next Conference will take place in the Royal College of Surgeons in Ireland, St Stephens Green, Dublin, from 28 July to the 2 August, 1991.

It will follow the same pattern as previously with Main Topic Sessions being conducted in the morning and Institutional Sessions in the afternoon.

A full social programme has been arranged and special events for the Ladies.

Trade and Scientific Exhibitions will take place and the whole academic programme has been arranged within the precincts of the Royal College.

Further details and a copy of the Preliminary Notes may now be obtained from:

Mrs T. Croom-Johnson,
 Meadow Cottage,
 Church Walk,
 Wellesbourne,
 Warwickshire CV35 9QT,
 U.K.

Instructions to Authors

Historical Articles. Articles of this type are generally encouraged, but it is obvious that they have to provide some new information or interpretation, whether it be about a well-known person or for example an instrument associated with him, but those from within a Hospital's own department who have made a hitherto less well-known contribution would be welcome.

Letters to the Editor. This feature is to be re-introduced to give those who wish to comment about a paper previously published within the Journal, an opportunity to express their views. Wherever possible, we shall ask the original author to add his further comment, thereby adding to the value of the contribution. Such letters should be sent as soon as possible after publication of each month's issue of the Journal in the hope of including them as soon as possible thereafter.

'Mini-papers, such as those which appear in the British Medical Journal, Lancet, or New England Journal of Medicine, will not be acceptable except on the rare occasion that they bring information of immediate interest to the reader.

Pathology. It is proposed to present on a monthly or bi-monthly basis, articles which are pathological interest with particular emphasis on the way the diagnosis was achieved, the techniques involved, etc. It is hoped that clinicians will involve their pathologists in these reports, and all illustrations must be of first-class quality. Where a department, particularly those overseas, may not have such specialized facilities, it may be possible, if a block or several unstained sections are provided for our Adviser to produce or supplement the illustration submitted. Only contributions of particular pathological interest will be accepted.

Radiology. It is proposed to introduce on a monthly or bi-monthly basis, short reports on cases in which the radiology has been crucial in the making of the diagnosis or the management of a particular case. This spot is to encourage clinicians and radiologists to produce material of particular interest in the specialty and to encourage co-operation in this field. Only presentations with first-class illustrations can be accepted and these must emphasise a problem of unusual clinical interest.

Check List for Authors/Secretaries

1. Title page—Titles should be short with names of the authors, higher degrees only and the city/country. Details of the departments in which the authors work should be put lower down.
An address for correspondence should be supplied together with the author who should receive this and this will ultimately appear beneath the list of references. If the paper was presented at a meeting, the details of this must be given and will be inserted at the bottom of the first page of the printed script.
2. Abstract—No paper will be accepted without this and it adds considerably to the Editor's time to have to write and request this if the paper is accepted.
3. To follow the Instructions to Authors with the way in which the paper is set out. It is preferred that each section should start on a fresh page with double spacing and wide margins.
4. References must be in the Harvard system; to submit a paper using the Vancouver system is automatically to have it returned or rejected.
5. Two sets of illustrations must be included, one of half-plate size and the other with the width of 80 mm. Illustrations must be clearly labelled with the author's name on the reverse side and where appropriate with an arrow to give orientation.
6. Authors to check manuscript and references to see that these match up particularly for dates and spelling.
7. Titles of Journals must be given in full with the date, volume number and first and *last* pages.
8. Consent to be obtained from a patient if a photograph of their face is to be reproduced.
9. If the author to whom correspondence is to be directed changes his address, he should let the Editorial Office know as soon as possible.
10. Page proofs will normally be sent out three months in advance and must be returned as soon as possible.
