

Official Publication of the History of Science Society

ISSN: 0021-1753
Quarterly

ISIS

www.journals.uchicago.edu

Editor, Bernard Lightman

Since 1912, *Isis* has featured scholarly articles, research notes and commentary on the history of science, medicine, and technology, and their cultural influences. By subscribing to *Isis*, you will automatically become a member of the History of Science Society, gain access to back issues through JSTOR, and you will be reading the oldest and most influential journal in the field.

Join the History of Science Society

A subscription to *Isis* is included with membership, and starting this year, a subscription to *Osiris* will also be included. *Osiris* highlights research on significant themes in the history of science. Members will also receive the *HSS Newsletter*, the *Current Bibliography*, the *Guide to the History of Science*, reduced registration fees at annual meetings, and online access to job listings and grant announcements.

THE
QUARTERLY
REVIEW
OF
BIOLOGY

Editors:

**Albert D. Carlson,
James D. Thomson,
Massimo Pigliucci, and
John J. Wiens**

Rated among the top-cited journals in the field, *The Quarterly Review of Biology* surveys the landscape of scientific inquiry and provides the reader with insightful historical, philosophical, and technical treatments of important biological topics.

The Quarterly Review of Biology is must reading if you teach biology, are involved in research, or simply want to learn what your colleagues are doing outside the confines of your own specialty.

Quarterly. ISSN: 0033-5770

Infection Control Program Manager

Denver Health Medical Center, an acute care nationally renowned 500 bed safety net hospital, home to Colorado's only academic level 1 trauma center and a 9-clinic network of family health centers, is seeking an infection control manager for immediate hiring. Develops and implements infection control programs within the organization. Performs surveillance of epidemiologically significant organisms. Interacts with a variety of staff in a wide range of positions to troubleshoot infection control problems. Provides supervision and training in appropriate infection control practices as needed and at new employee orientations. Responsible for assuring compliance with JCAHO standards as well as state and federal regulations for infection control. Continuously evaluates and updates all policies, procedures, and practices relating to infection control within the institution. Reports to the Hospital Epidemiologist and to the institution's Associate Medical Director as part of the Department of Patient Safety and Quality. Must demonstrate advanced knowledge of sterilization/sanitation/disinfection practices and disease transmission/prevention in healthcare settings. Applicant must be a Registered Nurse, Medical Microbiology Technologist, or hold a Master's in Public Health. Certification in Infection Control (CIC) and strong computer skills (including Windows, Word, and Excel) required. Research interest encouraged. Competitive salary with outstanding benefits. Please visit our web site at www.denverhealth.org or mail your resume to Denver Health, Employee Services, 660 Bannock St., Mail Code 1918, Denver CO 80204, or fax (303) 436-3700. EOE M/F/D/V

IMPROVE THE QUALITY OF YOUR RESEARCH TIME

Activate your online subscription

Take advantage of online-only features and improve the quality of your research time. Search articles, authors, and terms. Two more online services to increase your productivity:

e-TOC Alerts

e-TOC alerts deliver links to new content via e-mail as soon as each issue is available online. Abstracts and free-access articles are available to subscribers and nonsubscribers; regular full-text articles are available to subscribers and subscribing institutions.

RSS Feeds

RSS (Really Simple Syndication) is a free, easy, and automatic way to inform you when new journal articles are published. Instead of visiting a journal Web site for new articles, let RSS tell you the moment new articles are posted! Sign up today!

Clinical Infectious Diseases

Official publication of the Infectious
Diseases Society of America

Clinical Infectious Diseases (CID) publishes topical research and incisive commentaries from distinguished clinicians and scientists on the diagnosis and treatment of infectious diseases. Each issue contains clinically relevant articles of current interest in:

- Clinical Research
- Immune Mechanisms
- Medical Microbiology
- Epidemiology and Prevention
- Pathogenesis
- HIV/AIDS
- New Antimicrobial Therapies
