Resource Assumptions and Planning Guidelines 1990–1991

The attention of Members is drawn to Health Circular HC(89)24 issued by the Department of Health NHS Management Executive entitled *Health Services Development – Resource Assumptions and Planning Guidelines 1990–1991*. This Circular states various national service objectives, two of which are particularly relevant to psychiatrists. They are as follows:

- “12 (v) every District must have a ‘care programme’, in line with guidance to be issued shortly, to provide co-ordinated care for people disabled with chronic mental illness;
- (vi) every District must have action plans for meeting the health care needs of people with mental handicaps”.

The Royal College of Psychiatrists: Preliminary report on medical audit (*Psychiatric Bulletin*, October 1989, 13, 577–580)

It was stated in item 6 of **Recommended Reading** that the Royal College of Psychiatrists Research Committee Report from the Pilot Survey on the Use of Depot Neuroleptics was not yet for publication. In

fact the full version of the report is available in typescript in the College Library; a brief version was published in the *Psychiatric Bulletin*, September 1989, 13, 517–520.
