

Energy and nitrogen exchanges during growth in the kestrel ( <i>Falco tinnunculus</i> ). By J. K. KIRKWOOD ... ..	6A
The effect of dietary protein quantity and quality on rat milk composition. By R. GRIMBLE ... ..	7A
The effect of dietary protein quantity and quality on hormonal status, serum albumin concentration and milk production of rats. By R. GRIMBLE ... ..	8A
Interconversions of the carbon in volatile fatty acids and carbon dioxide in the rumen of sheep. By R. W. MAYES, J. A. MILNE, C. S. LAMB and ANGELA M. SPENCE ... ..	9A
The effects of feed restriction on hepatic enzyme activities in the immature pullet. By J. PEARCE and A. H. JOHNSON ...	10A
Sympathetic responsiveness in relation to fatness in pigs. By N. G. GREGORY and D. LISTER ... ..	11A
An attempt to explain differences in the nutritive value of spring and autumn harvested dried grass. By J. M. C. R. RIBEIRO, J. C. MacRAE and A. J. F. WEBSTER ... ..	12A
The effect of the growth promoter trenbolone acetate, dexamethasone and thyroxine on skeletal muscle cathepsin D (EC 3.4.4.23) activity. By B. G. VERNON and P. J. BUTTERY ... ..	13A
Lactosyl urea as an NPN source for ruminants. By R. J. MERRY, R. H. SMITH and A. B. McALLAN ... ..	14A
The effects of the gut microflora on protein synthesis in chick liver and jejunum. By T. MURAMATSU, M. E. COATES, D. HEWITT, D. N. SALTER and P. J. GARLICK ... ..	15A
The effect of dietary leucine excess on nicotinamide nucleotides in the rat. By B. I. MAGBOUL and D. A. BENDER ...	16A
Absorption of acetate and butyrate from the caecum of the rabbit. By G. WOODNUTT and D. S. PARKER ... ..	17A
The effect of abomasal casein infusion on acetate and palmitate kinetics in cows during early lactation. By B. A. KÖNIG, D. S. PARKER and J. D. OLDHAM ... ..	18A
 <i>Three Hundred and Fifty-first Scientific Meeting</i> <i>One Hundred and Thirty-seventh Scottish Meeting</i> <i>Biochemistry Department, University of Glasgow</i> 1 OCTOBER 1980	
Effect of oestrone on apparent vitamin B <sub>6</sub> status in peri- and post-menopausal women. By D. A. BENDER, W. F. COULSON, L. PAPADAKI and M. PUGH ... ..	20A
The effect of oestrone sulphate on the activity of kynureninase in vitro. By D. WYNICK and D. A. BENDER ... ..	21A
The voluntary food intake of sheep when silage juice is infused into the rumen. By E. JILL SMITH and J. L. CLAPPERTON	22A
Incubation of hay with rumen micro-organisms; two distinct phases of digestion. By USHA R. MEHRA, J. W. CZERKAWSKI and GRACE BRECKENRIDGE ... ..	23A
The effect of xylose on xylanase (hemicellulase) activity in the cell free liquor prepared from an artificial rumen (Rusitec). By R. E. BRICE and I. M. MORRISON ... ..	24A
Milk and heavy metal absorption. By J. QUARTERMAN and E. MORRISON ... ..	25A
Relation between blood glutathione peroxidase activity and the response to injected selenium in cattle. By M. PHILLIPPO, J. PRICE and J. R. ARTHUR ... ..	26A
Assessment of vitamin status during total parenteral nutrition in surgical patients. By P. STROMBERG, A. SHENKIN, R. CAMPBELL, R. J. SPOONER and A. J. W. SIM ... ..	27A
The relationship between habitual energy intake and body-weight on polar stations. By I. T. CAMPBELL ... ..	28A

# Proceedings of the Nutrition Society

CONTENTS OF VOL. 40, No. 1, JANUARY 1981

## SYMPOSIUM PROCEEDINGS

*Three Hundred and Forty-fifth Scientific Meeting*  
Main Lecture Theatre, The Physiology Laboratory,  
Department of Physiology, Downing Street, Cambridge  
22 JULY 1980

### NUTRITION AND CANCER

Chairman: L. J. KINLEN, Radcliffe Infirmary, Oxford

	PAGE
Nutrition and cancer: evidence from epidemiology. By M. R. ALDERSON ... ..	1
Dietary fibre and large bowel cancer. By J. H. CUMMINGS ... ..	7
Dietary fat and human cancer. By M. J. HILL ... ..	15
Food additives and cancer. By F. A. FAIRWEATHER and CHERYL A. SWANN ... ..	21
Nutrition and the patient with cancer. By J. W. T. DICKERSON ... ..	31
Nutrition and gastric cancer. By J. V. JOOSSENS and J. GEBOERS ... ..	37

*Three Hundred and Forty-sixth Scientific Meeting*  
Main Lecture Theatre, The Physiological Laboratory,  
Department of Physiology, Downing Street, Cambridge  
23 JULY 1980

### NUTRITION AND TOXICOLOGY

Chairman: F. A. FAIRWEATHER, DHSS, London

Evaluation of the safety of foods. By J. McL. PHILP ... ..	47
Are nutritionists worried about the epidemic of tumours in laboratory animals? By F. J. C. ROE ... ..	57
The influence of the gut microflora on food toxicity. By IAN ROWLAND ... ..	67
In vitro tests to detect chemical carcinogens. By R. COLIN GARNER ... ..	75
New approaches to safety screening. By D. M. CONNING ... ..	87

*Three Hundred and Forty-eighth Scientific Meeting*  
University of Nottingham School of Agriculture,  
Sutton Bonington, Loughborough  
9 and 10 SEPTEMBER 1980

### INTEGRATION OF METABOLISM

Chairman: P. J. BUTTERY, University of Nottingham School of Agriculture,  
Sutton Bonington

Mechanisms for the regulation of ketogenesis. By D. H. WILLIAMSON ... ..	93
Foetal and placental metabolisms: their interrelationship and impact upon maternal metabolism. By FREDERICK C. BATTAGLIA and GIACOMO MESCHIA ... ..	99
Lactation, pregnancy and metabolic disorder in the ruminant. By G. D. BAIRD ... ..	115
Chairman: D. B. LINDSAY, Institute of Animal Physiology, Cambridge	
The energetic efficiency of metabolism. By A. J. F. WEBSTER ... ..	121
Whole animal studies using tracer kinetics. By D. S. KRONFELD and C. F. RAMBERG ... ..	129
The synthesis of models to describe metabolism and its integration. By R. L. BALDWIN, K. CRIST, G. WAGHORN and N. E. SMITH ... ..	139

## ABSTRACTS OF COMMUNICATIONS

*Three Hundred and Forty-ninth Scientific Meeting*  
University of Nottingham School of Agriculture,  
Sutton Bonington, Loughborough  
9 and 10 SEPTEMBER 1980

The digestibility of legumin (11S globulin) isolated from field bean ( <i>V. faba</i> var Throws M.S.). By R. JONES, R. J. NEALE and G. NORTON ... ..	2A
Manipulation of dietary carbohydrate in a carbohydrate-loading regime. By S. A. WOOTTON, M. SHORTEN and C. WILLIAMS ... ..	3A
Synthesis of alanine from ammonia by rumen bacteria. By J. S. BLAKE, D. N. SALTER and R. H. SMITH ... ..	4A
Investigation into the role of insulin in diet-induced thermogenesis in the rat. By NANCY J. ROTHWELL, M. J. STOCK and B. P. WARWICK ... ..	5A
