The Hospital, which has for some considerable time been undergoing very extensive reconstruction and extension, has nearly 80 beds for In-patients and an annual Out-patient attendance of over 60,000.

CLINICAL INSTRUCTION

Clinical Instruction in the Diagnosis and Treatment of Diseases of the Ear, Nose and Throat is daily given in the Out-patient Department from 2 to 5 p.m. On Tuesdays and Fridays from 6.30 to 9 p.m. also. Major operations are performed daily, except Mondays and Saturdays, in the In-patient Operating Theatres. Minor operations are performed in the Out-patient Department by the Assistant Surgeons on four mornings a week.

Practitioners and Medical Students are admitted to the practice of the hospital and Clinical Assistants, whose duty it is to assist the staff, are appointed from time to time among them. For further information apply to the Dean, GILBERT CHUBB.

OPERATION CHAIR

Devised by MUSGRAVE WOODMAN, F.R.C.S.

Surgeon to Throat and Ear Department, General Hospital, Birmingham.

Exhibited at the meeting of the Section of Laryngology, Royal Society of Medicine, 6th November 1925.

The Chair is designed for operative work on the head and neck under an anæsthetic and for general use in nose and throat work. It is sufficiently rigid for operations on the brain, mastoid, and gas-serian ganglion.

The seat can be raised and lowered.

The back can be adjusted to any angle and with the arm supports in position it is impossible for the patient to move while under the anæsthetic.
