

# The Cambridge Yearbook of European Legal Studies

2007-2008, Volume 10

Edited by Catherine Barnard

*The Cambridge Yearbook of European Legal Studies* provides a forum for the scrutiny of significant issues in European Union Law, the Law of the Council of Europe, and Comparative Law with a 'European' dimension, particularly those issues which have come to the fore during the year preceding publication.

The chapters presented are all at the cutting edge of the fields which they address, and reflect the views of recognised experts drawn from the University world, legal practice, and the civil services of both the EU and its Member States. Inclusion of the comparative dimension brings a fresh perspective to the study of European law, and highlights the effects of globalisation of the law more generally, and the resulting cross fertilisation of norms and ideas that has occurred among previously sovereign and separate legal orders.

*The Cambridge Yearbook of European Legal Studies* is an invaluable resource for those wishing to keep pace with legal developments in the fast moving world of European integration.
