A Scapegoat in the New Wilderness

The Origins and Rise of Anti-Semitism in America
FREDERIC COPLE JAHER

In a country founded on the principle of religious freedom, with no medieval past, no legal nobility, and no national church, how did anti-Semitism become a presence here? And how have America's beginnings and history affected the course of this bigotry?

Frederic Cople Jaher considers these questions in *A Scapegoat in the New Wilderness*, the first history of American anti-Semitism from its origins in the ancient world to its first widespread outbreak during the Civil War.
