# Design of kJ-class HiLASE laser as a driver for inertial fusion energy – CORRIGENDUM

---

Antonio Lucianetti, Magdalena Sawicka, Ondrej Slezak, Martin Divoky, Jan Pilar, Venkatesan Jambunathan, Stefano Bonora, Roman Antipenkov, and Tomas Mocek

**Key words:** ASE; birefringence; cryogenic cooling; slab lasers; thermooptic effects

The published paper shows the received date as (Received 15 April 2014). This should have shown the date as (Received 27 February 2014).
