

RADIOCARBON UPDATES

Relocations¹

Ellen Druffel has moved, with Sheila Griffin, from Woods Hole, Massachusetts to Irvine, California. Their new address is:

Radiocarbon Laboratory
Department of Earth System Science
University of California, Irvine
PSRF 207
Irvine, California 92717 USA
Tel: 714-725-2116 or 714-725-3286; Fax: 714-725-3256

Peter Fritz has moved from Waterloo, Ontario, Canada to Leipzig, Germany. His address is:

UFZ-Umweltforschungszentrum
Leipzig-Halle GmbH
Pernoserstrasse, 15
DO-4315 Leipzig, Germany
Tel: 49-341-235-2242; Fax: 49-341-235-2791

Herbert Haas has moved his laboratory from Southern Methodist University (SMU), Dallas, Texas to the Desert Research Institute (DRI) in Las Vegas, Nevada. The laboratory was ready for operation at the beginning of 1994. His new address is:

Radiocarbon Laboratory
Water Resources Center
Desert Research Institute
P.O. Box 19040
Las Vegas, Nevada 89132-0040 USA
Tel: 702-895-0416; Fax: 702-895-0427; E-mail: Haas@snc.unr.edu

Pavel Povinec has moved from Bratislava, Slovakia to the IAEA-MEL in Monaco. His address is:

International Atomic Energy Agency (IAEA-MEL)
19 Avenue des Castellans
98000 Monaco
Tel: 33-92052222

Meetings

The International Conference on Tree Rings, Environment and Humanity: Relationships and Processes will be held at the Hotel Park Tucson in Tucson, Arizona, USA on 17-21 May 1994, and will be hosted by the Laboratory of Tree-Ring Research at The University of Arizona. *RADIO-*

¹As we go to press, we must report the tragic death of our dear friend and colleague, Jean-Charles Fontes, just at the time that we were to report his relocation to the IAEA in Vienna. He was killed in an automobile accident on 2 February 1994, during a research trip to Mali. We will sorely miss him.

CARBON, in conjunction with the Tree-Ring Society, will publish the Proceedings. For further information, please contact:

International Tree-Ring Conference
 Laboratory of Tree-Ring Research
 Building 58
 The University of Arizona
 Tucson, Arizona 85721 USA

Tel: 602-621-2191
 Fax: 602-621-8229

LSC 94 - Advances in Liquid Scintillation Spectrometry will be held in Glasgow, Scotland, 8–12 August 1994, the week preceding the 15th International Radiocarbon Conference. Please see our ad for more details, or contact:

Gordon Cook

Publications

Recent and forthcoming editions include: 1) *Calibration 1993* was published at the beginning of the year and is selling probably more copies than the 1986 version; 2) *Liquid Scintillation Spectrometry 1992*, edited by J. E. Noakes, F. Schönhofer and H. A. Polach was published in October. This is the Proceedings of the Conference, LSC 92, held in Vienna, Austria in September 1992. The volume is available outside the regular journal series; see our ad for ordering information; 3) *Late Quaternary Chronology and Paleoclimates of the Eastern Mediterranean*, edited by Ofer Bar-Yosef and R. S. Kra, also outside the regular series, will be published early in 1994. The volume is based on our workshop at the Tucson ¹⁴C Conference; please see our ad for details; 4) Also outside our regular series will be the publication, in 1995, of the *Proceedings of the International Tree-Ring Conference*; 5) Scheduling for *Radiocarbon Dynamics in Soils*, with Special Editors, Peter Becker-Heidmann, D. D. Harkness, Eldor Paul and Susan Trumbore, has been delayed until after the Soils Workshop in Glasgow. The theme of this Special Issue was conceived at a NASA-sponsored workshop held in Tucson in June 1992; 6) In 1995, we will do our sixth Radiocarbon Proceedings—the 15th International Radiocarbon Conference—and our second Liquid Scintillation Proceedings—LSC 94!
