

Law & Medicine

American Society of

Purpose

The American Society of Law & Medicine is dedicated to continuing medicolegal education. The Society acts as a clearinghouse for information on current medicolegal matters and health law, and provides a forum for dialogue between physicians, attorneys, insurers, health care administrators, nurses, and others involved with health care delivery.

Publications

The **AMERICAN JOURNAL OF LAW & MEDICINE** is a quarterly periodical designed to encourage interdisciplinary communication in such areas as health law and policy, legal and insurance medicine, and bioethics. The **JOURNAL**, which adheres to a law review format, includes original articles written by distinguished legal, ethical, and medical professionals. It also includes book reviews, annotations on recent court decisions and legislation, and a students' notes section.

MEDICOLEGAL NEWS provides its readers with original articles on such topics as regulating smoking and terminating life support systems as well as columns on handicapped persons and the law, health planning, workers' compensation and personal injury law. Published six times a year, each issue of **MEDICOLEGAL NEWS** contains the invaluable Medicolegal Reference Shelf—the most complete and up-to-date source of bibliographic information on medicolegal issues.

The Society also publishes **NURSING LAW & ETHICS**—a monthly newsletter for nurses. **NURSING LAW & ETHICS** responds to the need for comprehensive and authoritative guidance for nurses at a time when the law is having an increasing impact upon the nursing profession. Articles discuss such topics as the nurses' role in informed consent, liability for nursing care, medications, accountability, and licensure. Regular features include: Legal Developments, Ethical Dilemmas, Book Reviews, and a section for readers' comments.

Activities

THE SAGALL LIBRARY OF LAW, MEDICINE & HEALTH CARE, located adjacent to the Society's national headquarters, contains the most extensive collection of medicolegal reference materials in the country. Included are texts, periodical articles, court decisions, pamphlets, and reprints.

Members of the Society are entitled to on-site access to the collection, limited bibliographic research assistance, and access to the photocopy service.

The **SPEAKERS' BUREAU** provides a means by which authorities in medicolegal relations or health law may be contacted by organizations seeking qualified speakers. Society members interested in speaking on specific medicolegal issues have submitted bibliographic information which is forwarded to organizations seeking a speaker on a specific topic.

THE BOOK PURCHASE SERVICE enables subscribers and members to conveniently order books listed in the **AMERICAN JOURNAL OF LAW & MEDICINE** or **MEDICOLEGAL NEWS** from a single source, regardless of publisher.

American Society

of Law & Medicine

Activities (con't)

The **PHOTOCOPY SERVICE** affords an opportunity for Society members and readers of **MEDICOLEGAL NEWS** to obtain photocopies of many of the periodical articles of court decisions listed in the Medicolegal Reference Shelf.

Awards Programs

The Society sponsors the annual **JOHN P. RATTIGAN, M.D. MEMORIAL STUDENT ESSAY COMPETITION** which is intended to stimulate research and writing on medicolegal issues at the graduate school level.

The **HONORARY LIFETIME MEMBERSHIP AWARD** is presented annually to an individual for his or her distinguished contributions to medicolegal education, legislation, or understanding.

The Society also sponsors the **JOSEPH D. NORRIS, ESQ. FELLOWSHIP FUND** which awards a number of short term fellowships to individuals enabling them to work for the **AMERICAN JOURNAL OF LAW & MEDICINE**.

Conferences

During 1981, ASLM will conduct several conferences. The meetings, held nation-wide, are often co-sponsored by local and national organizations. The conferences are designed to educate health care professionals and attorneys. Some of this year's conferences will include:

MEDICAL DETERMINATIONS IN WORKERS' COMPENSATION
May 21-23 Chicago, Illinois

LEGAL IMPLICATIONS OF EMERGENCY MEDICAL CARE
June 17-19 Boston, Massachusetts

MEDICOLEGAL ASPECTS OF LITIGATION
October 2-3 Atlanta, Georgia

CRITICAL ISSUES IN HEALTH LAW
November 19-20 Washington, D.C.

SUBMISSION OF ARTICLES

The Editors encourage the submission of manuscripts on a wide range of medicolegal topics for publication in the JOURNAL. Acceptable subjects include health law and policy; legal, ethical, social, and economic aspects of medical practice, education, and research; health-related insurance; and other important or interesting subjects involving the relationship of the life sciences to the social sciences and humanities. The JOURNAL is interdisciplinary. Contributions from specialists in a variety of disciplines are welcomed. All materials should be sent to the Editor-in-Chief, American Journal of Law & Medicine, Editorial Offices, 209 Bay State Road, Boston, Massachusetts 02215.

POLICY ON MULTIPLE SUBMISSION: The Editor-in-Chief receives manuscripts in the understanding that they have not simultaneously been submitted elsewhere for consideration for publication.

GENERAL FORM: Manuscripts should be typewritten on one side of the paper only, with triple spacing and liberal margins. Manuscripts should be submitted in *triplicate*, i.e., an *original* and two carbon or Xerox copies. The title of the paper and the author's name and address should be given on a covering sheet.

ABSTRACT: A short abstract (normally not exceeding 200 words) succinctly summarizing the content of the manuscript should accompany the manuscript on a separate sheet. If the paper is accepted, the abstract will be published along with the manuscript.

REFERENCES: Footnotes to sources should be numbered consecutively, and placed on triple spaced pages at the end of the text. All footnotes should conform to *A Uniform System of Citation* (12th ed.), published and distributed by the Harvard Law Review Association, Gannett House, Cambridge, Massachusetts 02138. Non-lawyers unfamiliar with this system should follow the citation form accepted in their field and the Editors of the JOURNAL will make the appropriate modifications if the paper is published.

ILLUSTRATIONS: Illustrations and tables accompanying manuscripts should be numbered, provided with suitable legends, and marked lightly on the back with the author's name. Authors should indicate on the manuscript the appropriate positions of tables and text figures. Special arrangements must be made with the Editor-in-Chief for color plates, elaborate tables, half-tone illustrations or extra illustrations, drawings, and photographs.

PUBLICATION LANGUAGE: English.

SELECTION AND EDITING TIMETABLE: Receipt of manuscript will be acknowledged within one week of receipt. Authors will be notified of the manuscript's acceptance or rejection within one to three months, and accepted manuscripts will be published within three to eight months of acceptance.

PROOFS AND AUTHOR OFFPRINTS: Because of time pressures, printer's proofs of articles accepted for publication will *not* be made available to authors. Twenty-five offprints of each article, enclosed in JOURNAL covers, will be distributed to the author or divided among the authors if there is more than one. Orders for additional offprints, for which a fee is charged, must be communicated at least one month prior to publication.

RETURN OF MANUSCRIPTS: Upon request of the author and upon receipt of a suitable envelope stamped with adequate postage, the Editor-in-Chief will return to the author the original of any manuscript not accepted for publication.
