

INDEX OF AUTHORS

Aschaffenburg, R.	275	Peters, F. E.	208
Balch, C. C.	212	Ross, C. A. C.	259
Balch, D. A.	212	Roy, J. H. B.	275
Bartlett, S.	275		
Gordon, J. G.	197, 202	Sears, H. J.	275
Henry, K. M.	235	Stewart, J.	231
Ingram, P. L.	275	Thompson, S. Y.	275
Johnson, V. W.	212	Thomson, A. M.	263
Kon, S. K.	235, 275	Thomson, W.	263
Lea, A. J.	224	Tomlin, D. H.	235
Leong, P. C.	253	Tribe, D. E.	197, 202
Lovell, R.	275	Turner, J.	212
		Wood, P. C.	275

FORTHCOMING PAPERS

The next issue of the *British Journal of Nutrition* will appear in December. It is hoped to publish in it the following papers:

The nutrition of the young Ayrshire calf. 13. The toxicity of the unsaturated acids of cod-liver oil. By K. L. BLAXTER, F. BROWN and A. M. MACDONALD.

The microbiological assay of 'vitamin B₁₂'. The specificity of the requirement of *Ochromonas malhamensis* for cyanocobalamin. By J. E. FORD.

Antibiotics in the diet of the fattening pig. By R. S. BARBER, R. BRAUDE, S. K. KON and K. G. MITCHELL.

Vitamin B₁₂-like compounds. 1. Vitamin B₁₂ activity for chicks and for different micro-organisms of gut contents and faeces. By M. E. COATES, J. E. FORD, G. F. HARRISON, S. K. KON and J. W. G. PORTER.

Vitamin B₁₂-like compounds. 2. Some properties of such compounds isolated from bovine gut contents and faeces. By J. E. FORD and J. W. G. PORTER.

The nutrition of the young Ayrshire calf. 14. Some effects of natural and synthetic antioxidants on the incidence of muscular dystrophy induced by cod-liver oil. By K. L. BLAXTER, F. BROWN, W. A. WOOD and A. M. MACDONALD.

Absence of correlation between fatty changes in the liver and impairment of water diuresis in protein-deficient mice. By H. HELLER and K. E. BLACKMORE.

Vitamin B₆ levels in rat tissues. By G. H. BEATON and E. W. MCHENRY.

Pyridoxin deficiency in the rat: liver L-cysteic acid decarboxylase activity and urinary amino-acids. By H. BLASCHKO, S. P. DATTA and H. HARRIS.

CONTENTS OF VOLUME 7, No. 3, 1953

(All rights reserved)

	PAGE
Choice of diet by rats deficient in members of the vitamin B complex. By D. E. TRIBE and J. G. GORDON	197
Effect of different starches on the choice of diet by rats. By D. E. TRIBE and J. G. GORDON	202
The chemical composition of New Hebridean human milk. By F. E. PETERS	208
Factors affecting the utilization of food by dairy cows. 7. The effect of limited water intake on the digestibility and rate of passage of hay. By C. C. BALCH, D. A. BALCH, V. W. JOHNSON and JILL TURNER	212
Evidence of an inherited factor in trophopathic hepatitis. By A. J. LEA	224
The effects of cobalt deficiency on the appetite of lambs. By J. STEWART	231
Autoradiographic study of growth and calcium metabolism in the long bones of the rat. By D. H. TOMLIN, KATHLEEN M. HENRY and S. K. KON	235
The nutritive value of coconut toddy. By P. C. LEONG	253
Hexosamine in human and cow's milk. By CONSTANCE A. C. ROSS	259
Effect of diet on milk yield of the ewe and growth of her lamb. By W. THOMSON and A. M. THOMSON	263
The nutritive value of colostrum for the calf. 9. The effect of soya-bean lecithin on the vitamin A absorption and on the growth rate of calves given small quantities of separated colostrum. By R. ASCHAFFENBURG, S. BARTLETT, S. K. KON, J. H. B. ROY, H. J. SEARS, S. Y. THOMPSON, P. L. INGRAM, R. LOVELL and P. C. WOOD	275
