Welcome to Slovenia

We would like to inform you that the **10th World Congress for Nurse Anesthetists** whose main topics are "Pain Management", "Evidence-based Nursing", "Multiple Trauma Patients", "Anesthesia for the Elderly", etc. will take place in Ljubljana, the capital city of Slovenia. The Republic of Slovenia lies in the heart of Europe, where the Alps join the Pannonian Plain and the Mediterranean meets the mysterious Karst. Slovenia strives for the preservation of its national identity and a simultaneous openness to the world. The result is a stunning variety of professions, lifestyles and cultures.
