European Historical Statistics 1750-1970

B. R. MITCHELL

Filling a long-felt need for comparative historical, economic, and social statistics in readily accessible form, this major new historical reference tool contains a selection of the principal available economic and social statistics for all European countries over a period of two hundred years. \$15

Germany and the Politics of Nuclear Weapons

CATHERINE McARDLE KELLEHER

This is an original and comprehensive look at the policies of the Federal Republic of Germany toward the development, use, and control of nuclear weapons. In describing Germany's relations with the United States and NATO regarding nuclear policy, it becomes a brilliant examination of alliance ties as well.
