The Georgics of Virgil

L. P. WILKINSON

The first full-length study of this poem in English. Mr. Wilkinson presents a critical analysis of the poem in all its aspects. He provides background knowledge where necessary, examines the poem's intellectual ancestry, studies closely its literary, philo-sophic, political and agricultural aspects, and concludes with a feature of classical criticism which he has made peculiarly his own, an account of the poem's *Nachleben*, its fortunes and influence through the centuries to the present day. Prose translations of all passages quoted make the book accessible to more readers than the students of classics for whom it is primarily intended.

Greek and Roman Architecture

Second Edition

D. S. ROBERTSON

'The most complete account of the remains of classical architecture that has yet appeared in this or any other country. It covers the whole ground of Greek, Etruscan, and Roman architecture from the earliest times to the founding of Constantinople . . . a book of very great value to the scholar and archaeologist.'

CAMBRIDGE UNIVERSITY PRESS

Greek Sophists in the Roman Empire

G. W. BOWERSOCK

The first full-scale historical analysis of the Greek cultural renaissance of the second and third centuries A.D., a revival which was an integral and important part of the history of the Roman Empire and which left behind it a vast literature. 38s. net

The Spice Trade of the Roman Empire 29 B.C. to A.D. 641

J. INNES MILLER

This book tries to show how the spices used for food, wines, perfumes, drugs, and in public ceremonials reached Rome from the most distant parts of the world. Botany fixed their sources; trade routes followed. It was a time of exciting and uninhibited trade, which laid the foundations of European relations with the East. 4 plates 9 maps. 84s. net

Plebs and Princeps

Z. YAVETZ

Why did the Julio-Claudian emperors make so many efforts to endear themselves to the urban populace? What was the role of the Plebs urbana in Roman politics after their legislative and electoral power diminished? This study of the relationship between the Principes (from Augustus to Nero) and the city Plebs deals with these and other questions. 38s. net

Violence in Republican Rome

A. W. LINTOTT

This book examines the roots of violence in Republican law and society, and the growth of violence in city politics, which ultimately brought Rome into civil war and the power of armies. 45s. net

The Law of Property in the Later Roman Republic

ALAN WATSON

In the last two centuries of the Roman Republic, the old property law was modernized and the pattern set for classical law. This book deals with that period, studying in detail every legal and non-legal text which throws light on it. Many new interpretations are suggested and conclusions drawn. 55s. net

Roman Politics and the Criminal Courts 149-78 B.C.

ERICH S. GRUEN

The author suggests that the political disruption in Ciceronian Rome was bound up with the criminal court system. His analysis of the criminal trials and the struggle over control of the courts sheds light on all the major political events of the period. £5 9s. 6d. net *Harvard University Press*

LIFE AND LEISURE IN ANCIENT ROME

J. P. V. D. Balsdon

Dr Balsdon has amassed a vast store of information from Latin writers, inscriptions, papyri, mosaics, stone reliefs, graffiti and other sources, and has brilliantly succeeded in presenting a complete and stimulating picture of Roman life. His new book will be the standard work on this fascinating subject for years to come. *Illustrated* 63s.
