

# JOURNAL of PALEONTOLOGY

VOL 96 | NO 6 | NOVEMBER 2022

## REGULAR ARTICLES

- 1235 Christopher P. A. Smith, Sylvain Charbonnier, James F. Jenks, Kevin G. Bylund, Gilles Escarguel, Nicolas Olivier, Emmanuel Fara, and Arnaud Brayard**  
The Paris Biota decapod (Arthropoda) fauna and the diversity of Triassic decapods
- 1264 Lars E. Holmer, Sébastien Clausen, Leonid E. Popov, Mansoureh Ghobadi Pour, Yue Liang, Zhifei Zhang, Juan José Palafox Reyes, Jesús Porfirio Sosa-Leon, and Blanca Estela Buitrón-Sánchez**  
Cambrian (Stage 4 to Wuliuan) brachiopods from Sonora, Mexico
- 1285 Juwan Jeon, Kun Liang, Stephen Kershaw, Jino Park, Mirinae Lee, and Yuandong Zhang**  
Rise of clathrodictyid stromatoporoids during the Great Ordovician Biodiversification Event: insights from the Upper Ordovician Xiazhen Formation of South China
- 1318 Ramesh Kumar Sehgal, Abhishek Pratap Singh, Christopher C. Gilbert, Biren A. Patel, Christopher J. Campisano, Keegan R. Selig, Rajeev Patnaik, and Ningthoujam Premjit Singh**  
A new genus of treeshrew and other micromammals from the middle Miocene hominoid locality of Ramnagar, Udhampur District, Jammu and Kashmir, India
- 1336 L. J. Krumenacker, Lindsay E. Zanno, and Hans-Dieter Sues**  
A partial tyrannosauroid femur from the mid-Cretaceous Wayan Formation of eastern Idaho, USA
- 1346 Miguel Ángel García-Villafuerte, Gerardo Carbot-Chanona, Gustavo Rivera-Velázquez, Esteban Pineda-Diez de Bonilla, and Wilfredo A. Matamoros**  
The first fossil record of the genus *Phycosoma* (Araneae, Theridiidae) from the lower Miocene Mexican amber, with the description of a new species
- 1354 Josefina Bodnar, Ana Julia Sagasti, Gustavo A. Correa, Victoria Miranda, and Florencia Medina**  
Araucariaceous fossil woods from the Upper Triassic Ischigualasto Formation (San Juan Province, Argentina): paleofloristic and paleoclimatic implications
- 1379 Emily Bögner and Joshua X. Samuels**  
The first canid from the Gray Fossil Site in Tennessee: new perspective on the distribution and ecology of *Borophagus*
- 1390 Carden C. Wallace and Roger W. Portell**  
Earliest western Atlantic staghorn corals (*Acropora*) from the lower Oligocene Suwannee Limestone of Florida, USA, and their significance for modern coral distribution
- 1400 Gonzalo Gabriel Bravo, Diego Pol, Matías Alberto Armella, and Kevin Gómez**  
The choanal anatomy of the *Sebecus icaeorhinus* Simpson, 1937 and the variation of the palatine shape in notosuchians (Crocodyliformes, Mesoeucrocodylia)
- 1413 Oleg A. Lebedev, Zerina Johanson, Alexander N. Kuznetsov, Alekey Tsessarsky, Kate Trinajstić, and Farkhad B. Isakhodzayev**  
Feeding in the Devonian antiarch placoderm fishes: a study based upon morphofunctional analysis of jaws
- 1431 Xianfeng Yang, Shanchi Peng, Loren E. Babcock, Xuejian Zhu, and Yu Liu**  
New species of *Liostracina* Monke, 1903 (Trilobita, Cambrian) from Yunnan, China: complete holaspid exoskeleton and implications for higher level classification
- 1447 Florian Witzmann and Rainer R. Schoch**  
The larval brachiopod *Platycepsion wilkinsoni* from the Triassic of New South Wales provides insight into the stereospondyl life cycle
- 1461 Jisuo Jin, Robert B. Blodgett, David A.T. Harper, and Christian M.Ø. Rasmussen**  
Warm-water *Tcherskidium* fauna (Brachiopoda) in the Late Ordovician Northern Hemisphere of Laurentia and peri-Laurentia

## TAXONOMIC NOTE

- 1479 Ke-yi Hu, Yu-ping Qi, and Xiang-dong Wang**  
A new species *Idiognathodus praeguizhouensis* n. sp. (Conodonta, Pennsylvanian) from South China

## CORRIGENDUM

- 1482 Ramesh Kumar Sehgal, Abhishek Pratap Singh, Christopher C. Gilbert, Biren A. Patel, Christopher J. Campisano, Keegan R. Selig, Rajeev Patnaik, and Ningthoujam Premjit Singh**  
A new genus of treeshrew and other micromammals from the middle Miocene hominoid locality of Ramnagar, Udhampur District, Jammu and Kashmir, India – Corrigendum

## ERRATUM

- 1483 Juwan Jeon, Kun Liang, Stephen Kershaw, Jino Park, Mirinae Lee, and Yuandong Zhang**  
Rise of clathrodictyid stromatoporoids during the Great Ordovician Biodiversification Event: insights from the Upper Ordovician Xiazhen Formation of South China – ERRATUM

Cover illustration: Thin-sections of stromatoporoids with Bajgolia endobionts from the Upper Ordovician of Xiazhen Formation, South China. Jeon et al., Fig. 16.
