French for Psychiatrists

If there is sufficient interest, there is the possibility of holding a course in French for Psychiatrists, similar to the courses held by the Royal College of Physicians and the British Medical Association.

The cost is not yet known, but it is anticipated in principle that the college would make neither a profit nor a material loss on the course.

Would those members who might wish to go please write to me with the following information:

- (1) names of those wishing to attend (including accompanying persons if any)
- (2) standard of French (e.g. O-level) achieved in past
- (3) whether you would prefer:
 - (a) a week's course in France
 - (b) a once weekly evening class in London.

PROFESSOR R. G. PRIEST
Registrar
