- "Essential reading for policymakers, students of hemispheric affairs on both sides of the Rio Grande, and anyone eager for a better understanding of America's southern neighbor."  
*Irving Louis Horowitz*  
*Hannah Arendt Distinguished Professor of Sociology and Political Science, Rutgers University*
- Explains Mexico's recent problems as the natural result of Mexico's turbulent and colorful history.
- With a special focus on Mexican-Americans and U.S.–Mexican political and economic issues.

In this 1,000 year history of a colorful and fascinating country, one of the world's foremost scholars on Latin America explains how his analyses of Mexico's present and future flow directly from its past. Going well beyond a comprehensive description of recent crises, **Mexico** provides an introduction to the earliest Indian civilizations, the harsh rule of the Spaniards, historic violence and revolution, and a tumultuous relationship with the United States.

Essential reading for anyone seeking an up-to-date perspective on America's neighbor and trading partner.

## ATTENTION AUTHORS

The Journal of Interamerican Studies and World Affairs publishes articles that deal primarily with contemporary US-Latin American relations, US foreign policy regarding Latin America, Latin American nations' relations with each other and the rest of the world, and Latin American internal affairs when such have clear implications for US foreign policy. The editors also welcome from scholars and public figures worldwide articles about political, economic, cultural, and social aspects of Latin American Interrelationships.

This is a refereed journal. All submissions are sent to qualified reviewers to determine acceptance for publication.

Send manuscripts in duplicate to address below, typewritten and double spaced. Place footnotes, references, tables, and charts on separate pages following current Journal style.

Upon acceptance, you will be asked to provide all tables and charts accompanying the manuscript on computer disks (either IBM-compatible or Macintosh) in addition to two complete, double-spaced printouts of disk material. Tables, charts, maps or other graphic materials will not be used unless provided on computer disks and in a file that is separate from that of the text. If not created by the author, permission to use such graphic materials must be provided in writing. Columns in tables and charts should use tabs instead of individual spacing. A brief biographical sketch of the author should accompany the final manuscript.

Correspondence regarding book reviews should be directed to the Book Review Editor at the Journal of Interamerican Studies and World Affairs, University of Miami, P.O. Box 284205, Coral Gables, FL, 33124-3027.
