

"This is 'big picture' history in the best sense of the words."—Stanley L. Engerman, University of Rochester

## The Agrarian Origins of American Capitalism

ALLAN KULIKOFF

"Kulikoff boldly raises the most sweeping questions about the development of capitalism in the United States. His specific interpretations will doubtless generate controversy, but each of the discrete essays contributes to a challenging reconsideration of American social and economic development."—Elizabeth Fox-Genovese

## ECONOMICS AND PHILOSOPHY

EDITORS:

Daniel M. Hausman,  
*University of Wisconsin*

Michael S. McPherson,  
*Williams College*

*Economics and Philosophy* explores the foundations of economics as both a predictive/explanatory enterprise and a normative one. The papers examine the relevance of economic techniques, methods and conclusions to philosophical questions in ethics and social theory. The journal is designed to foster collaboration between economists and philosophers, and to bridge the increasingly artificial boundaries between them. Each issue contains review essays, detailed book reviews, and continuing discussion on topics previously covered.

*Economics and Philosophy* (ISSN 0268-2871) is published twice a year. Subscription to Volume 9, 1993: \$66.00 for institutions, \$33.00 for individual, \$35.00 for single issues.

## **Public Choice Analysis in Historical Perspective**

*Alan Peacock, Editor*

Alan Peacock poses the question of whether the history of economic thought is an essential part of the training of scholars concerned with the study of public finance. He contends that the perspective gained by studying the origins of public choice analysis can offer an important stimulus to scientific progress.

43007-0 Hardcover \$44.95

## **Theories of Political Economy**

*James A. Caporaso and  
David P. Levine*

*"Caporaso and Levine have pulled off a difficult feat. They have managed to write a comprehensive introduction to political economy that is theoretically sophisticated. Not only can beginners profit from their efforts, but so can theorists."*

—*Stephen Elkin,  
University of Maryland*

41561-6 Hardcover \$49.95

42578-6 Paper \$16.95

## **Institutions and Social Conflict**

*Jack Knight*

A thorough critique of a wide range of theories of institutional change is followed by the development of a new theory of institutional change that emphasizes the distributional consequences of social institutions.

*Political Economy of Institutions  
and Decisions*

42052-0 Hardcover \$54.95

## **Beyond the Miracle of the Market**

The Political Economy of Agrarian Development in Kenya

*Robert H. Bates*

*"While the book focuses on Kenya, it is equally applicable to all of Africa, Latin America, and perhaps to the newly evolving capitalist countries of Eastern Europe."*

—*Choice*

Emphasizing the political and economic origins of institutions and their role in economic development, this book examines the political economy of Kenya from the 1950s to the 1980s.

*Political Economy of Institutions and  
Decisions 4*

43792-X Paper \$17.95

## **The Fading Miracle**

Four Decades of Market Economy in Germany

*Herbert Giersch,  
Karl-Heinz Paque and  
Holger Schmieding*

This book provides a lucid account of economic policy in West Germany from the late 1940s up to the present, including the new challenges presented by the unification of the two German states in 1990. The authors describe and evaluate the major policy controversies and decisions, and place particular emphasis on the characteristically German institutions of policy counselling and their role in policy formation.

## **Freedom: A Documentary History of Emancipation, 1861–1867**

Series I: Vol 2: The Wartime Genesis  
of Free Labor: The Upper South

*Ira Berlin, Thavolia Glymph,  
Steven F. Miller,  
Joseph P. Reidy,  
Leslie S. Rowland and  
Julie Saville, Editors*

As slavery collapsed during the American Civil War, former slaves struggled to secure their liberty, reconstitute their families, and create the institutions befitting a free people. This volume of *Freedom* presents a documentary history of the emergence of free-labor relations in different settings in the Upper South.

41742-2 Hardcover about \$59.95

## **The Pasha's Peasants**

Land, Society and Economy in Lower  
Egypt, 1740–1858

*Kenneth M. Cuno*

This is a revisionist study of the eighteenth and nineteenth century rural origins of modern Egypt, dealing with the first phase of the rise of the modern state and the country's incorporation into the world economy. Professor Cuno uses previously underexploited sources—court records, *fatwas*, and land tax registers—to shed new light on changes in the system of peasant land tenure, urban-rural commerce, the rural social structure, and the interplay of formal law with peasant customs and attitudes.

*Cambridge Middle East Library 27*

40478-9 Hardcover \$59.95

## **Soviet Workers and De-Stalinization**

The Consolidation of the Modern  
System of Soviet Production  
Relations 1953–1964

*Donald Filtzer*

This is the first comprehensive study of the position of Soviet industrial workers during the Khrushchev period. Donald Filtzer examines the main features of Khrushchev's labor policy within the overall context of "de-Stalinization" and provides a detailed analysis of shop floor relations between workers and managers, the position of women workers and their specific role in the Soviet economy.

*Soviet and East European Studies 87*  
41899-2 Hardcover \$59.95

## **A Distinctive Industrialization**

Cotton in Barcelona, 1728–1832

*J. K. J. Thomson*

This is a study of the development of the early history of Barcelona's cotton industry. It offers both a specialized industrial history and an interpretation of major issues relating to the industrialization of Catalonia and of Europe as a whole.

## Athenian Economy and Society

A Banking Perspective

Edward E. Cohen

In this ground-breaking analysis of the world's first private banks, Edward Cohen convincingly demonstrates the existence and functioning of a market economy in ancient Athens while revising our understanding of the society itself. Challenging the view in which bankers are merely pawnbrokers and money-changers, Cohen reveals that fourth-century Athenian bankers pursued sophisticated transactions. He further explores how women and slaves played important roles in these family businesses—thereby gaining legal rights entirely unexpected in a society supposedly dominated by an elite of male citizens. Cohen's analysis offers great insight into daily Athenian life and cultural organization, as well as a new view of the Athenian economic system.

## Most Wonderful Machine

Mechanization and Social Change in Berkshire Paper Making, 1801-1885

Judith A. McGaw

On a visit to a Berkshire paper mill, the narrator of a Melville short story views the "wonderful" papermaking machine with awe, calling it a "miracle of inscrutable intricacy." Manifesting a similar nineteenth-century fascination with machinery, paper mill owners and workers made an industrial revolution in Berkshire County, Massachusetts, examined here by Judith McGaw.

"A superb case study of mechanization and social change in the paper industry of Berkshire County. . . . There is a plethora of reasons why this book will be of interest to economic, technological, labor and social historians as well as to students."

—Avi J. Cohen, *Journal of Economic History*
