

INDEX OF AUTHORS

Blaxter, K. L.	Osborne, B.
Bourne, G. H.	Porter, J. W. G.
Bransby, E. R.	Prior, K. M.
Bray, B.	Quenouille, M. H.
Brown, F.	Robertson, A.
Brown, L. M.	Rook, J. A. F.
Dean, R. F. A.	Schwartz, R.
Fawns, H. T.	Thin, C.
Ford, J. E.	Thompson, S. Y.
Hald, P. J.	Widdowson, E. M.
Henry, K. M.	Wilby, F. W.
Kon, S. K.	Wood, W. A.
Kosterlitz, H. W.	
McCance, R. A.	
MacDonald, A. M.	

FORTHCOMING PAPERS

The next issue of the *British Journal of Nutrition* will appear in September. Among the papers it is hoped to publish are the following:

- Choice of diets by rats deficient in members of the vitamin B complex. By D. E. TRIBE and J. G. GORDON.
- Effect of different starches on the choice of diet by rats. By D. E. TRIBE and J. G. GORDON.
- The chemical composition of New Hebridean human milk. By F. E. PETERS.
- Factors affecting the utilization of food by dairy cows. 7. The effect of limited water intake on the digestibility and rate of passage of hay. By C. C. BALCH, D. A. BALCH, V. W. JOHNSON and JILL TURNER.
- Evidence of an inherited factor in trophopathic hepatitis. By A. J. LEA.
- The effects of cobalt deficiency on the appetite of lambs. By J. STEWART.
- Autoradiographic study of growth and calcium metabolism in the long bones of the rat. By D. H. TOMLIN, KATHLEEN M. HENRY and S. K. KON.
- The nutritive value of coconut toddy. By P. C. LEONG.
- Hexosamine in human and cow milk. By CONSTANCE A. C. ROSS.
- The effect of diet on the milk yield of the ewe and growth of her lamb. By W. THOMSON and A. M. THOMSON.

CONTENTS OF VOLUME 7, Nos. 1 & 2, 1953

	PAGE
Nomenclature of amino-acids	I
Nitrogen metabolism in West African children. By BARBARA BRAY	3
The effect of fruit-syrup supplements on the assimilation of food from the alimentary canal. 1. Their effect on the digestion of milk in the stomachs of young rats. By H. T. FAWNS and G. H. BOURNE	13
The effect of fruit-syrup supplements on the assimilation of food from the alimentary canal. 2. Their effect on the growth rate, nitrogen assimilation and calorie intake of young rats. By H. T. FAWNS and G. H. BOURNE	21
The effect of cystine and methionine, added separately or together, on the biological value of the proteins of dried skim milk. By KATHLEEN M. HENRY and S. K. KON	29
The nutrition of the young Ayrshire calf. 11. The toxicity of cod-liver oil. By K. L. BLAXTER, W. A. WOOD and A. M. MACDONALD	34
A method for determining the nutritive value of a protein by its effect on liver protein. By KATHLEEN M. HENRY, H. W. KOSTERLITZ and M. H. QUENOUILLE	51
The effect of sulphonamides and of cooking or grinding the diet on the excretion of vitamins of the B complex by the refected rat. By J. E. FORD, KATHLEEN M. HENRY, S. K. KON, J. W. G. PORTER, S. Y. THOMPSON and F. W. WILBY	67
The heat of combustion of the tissues of cattle in relation to their chemical composition. By K. L. BLAXTER and J. A. F. ROOK	83
The cholinesterase problem in the newborn puppy. By R. A. McCANCE and L. M. BROWN	91
A radiological study of the rate of passage of brown and white bread through the digestive tract of man. By R. A. McCANCE, KATHLEEN M. PRIOR and ELSIE M. WIDDOWSON	98
The nutrition of the young Ayrshire calf. 12. Factors affecting the tocopherol reserves, muscle composition and muscle histology of 4-day-old calves. By K. L. BLAXTER, F. BROWN and A. M. MACDONALD	105
The fermentation of xylans in the rumen of the sheep. By P. J. HEALD	124
The serum chemistry in uncomplicated kwashiorkor. By R. F. A. DEAN and RUTH SCHWARTZ	131
The relationship between calcium retention and body stores of calcium in the rat: effect of age and of vitamin D. By KATHLEEN M. HENRY and S. K. KON	147
A social and food survey of the elderly, living alone or as married couples. By E. R. BRANSBY and BARBARA OSBORNE	160
A study of starvation ketosis in the ruminant. By A. ROBERTSON and CHRISTIAN THIN	181
