## HEINRICH ZIMMER

Coming into His Own

Edited by Margaret H. Case

Heinrich Zimmer (1890-1943) is best known in the English-speaking world for the four posthumous books edited by Joseph Campbell and published in the Bollingen Series: *Myths and Symbols in Indian Art and Civilization*, *Philosophies of India*, *The Art of Indian Asia*, and *The King and the Corpse*. These works have inspired several generations of students of Indian religion and culture. All the papers in this volume testify to Zimmer's originality and to his rightful place in that small group of great scholars who were part of the first generation to confront the end of European empires in India and the rest of Asia.

## PASSIONATE ENLIGHTENMENT

Women in Tantric Buddhism

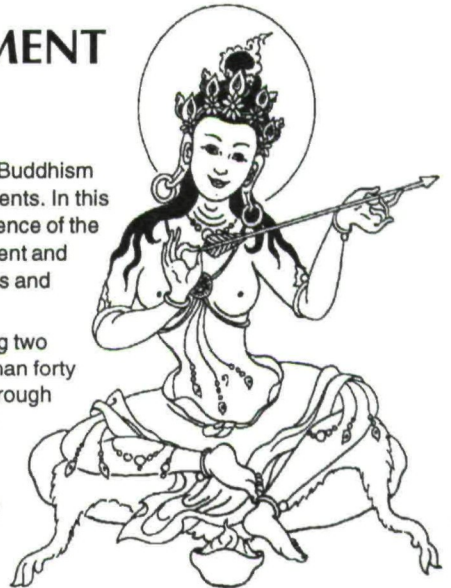

Miranda Shaw

The crowning cultural achievement of medieval India, Tantric Buddhism is known in the West primarily for the sexual practices of its adherents. In this groundbreaking new book, Miranda Shaw presents extensive evidence of the outspoken and independent female founders of the Tantric movement and their creative role in shaping its distinctive vision of gender relations and sacred sexuality.

Drawing on interviews and archival research conducted during two years of fieldwork in India and Nepal, including the study of more than forty previously unnoticed works by women of the Pāla period (eighth through twelfth centuries C.E.), she substantially reinterprets the history of Tantric Buddhism during its first four centuries.

"*Passionate Enlightenment* is a penetrating investigation into the role of women in the area of Tantric Buddhism and a critique of outdated and fallacious notions of Tantra."—Herbert Guenther

## THE RĀMĀYAṆA OF VĀLMĪKI

An Epic of Ancient India

Volume IV: Kiṣkindhākāṇḍa

Introduced, translated, and annotated  
by Rosalind Lefebvre

This is the fourth volume of the translation of the critical edition of *The Vālmīki Rāmāyaṇa*, India's most beloved and influential epic tale. This version differs significantly from the vulgate on which virtually all previous translations are based. It is accompanied by a scholarly introduction and extensive notes on the original Sanskrit text derived from a wide reading of traditional and modern texts, including several untranslated early Sanskrit commentaries.
