RUDOLF CARNAP (1891-1970)

The editors of this Journal have learned with sorrow of the death, on September 14, 1970, of Professor Rudolf Carnap.

This issue of Philosophy of Science is being delivered to the printer on the eve of the October 23–25 meetings of the Philosophy of Science Association. A session of those meetings is being planned at which several memorial papers for Professor Carnap will be read and there is the prospect that some of these papers will be published in a forthcoming volume of the Boston Studies in the Philosophy of Science.
