

George of Bohemia: King of Heretics

By FREDERICK G. HEYMANN

The young nobleman who became the last Czech to wear the ancient crown of Saint Wenceslas is studied here in the light of primary sources by the author of *John Zizka and the Hussite Revolution*. The book recounts King George's rise to power through his leadership of the Utraquist Party, his vigorous program of reconstruction after the long period of interregnum and anarchy that preceded his election, his consolidation of royal power within a constitutional framework, his conduct of the Great War in which Matthias Corvinus, King of Hungary, played sword-bearer for the church.

Beset by an antagonistic papacy, a strong Catholic minority, rebellion among his barons, and the ambitions of neighboring states, George achieved the near miracle of victory just before his death in 1471.

The book's interest for students of political and church history is enhanced by the inclusion of a comprehensive bibliography on Bohemia and related aspects of Central European history in the third quarter of the fifteenth century.

THE COLLOQUIES OF ERASMUS

Edited and Translated by **CRAIG R. THOMPSON**

Urbane and ironic in spirit, the *Colloquies* offer reflections on matters of perennial human concern: witty comments on the passing scene; disputes on ethics, religion, war, government, marriage, money; amusing stories of soldiers, swindlers, courtiers, friars, and fools. Mr. Thompson's fresh translation is the first *complete* rendering of the *Colloquies* into English since 1725. It includes a general introduction and a separate introduction to each colloquy. Detailed commentary will follow in a second volume, now in preparation. 664 pages \$15.00

THE WORLD OF THE WITCHES

By **JULIO CARO BAROJA**

A brilliant, historical review which integrates the recurrent thread of witchcraft with the pattern of orthodox Christian theology. The volume, from the series *The Nature of Human Society*, was translated from the Spanish by O. N. V. GLENDINNING. 308 pages, 16 plates \$6.50
