
Phycologia

Published for the International Phycological Society

Editor

Dr Wm. J. Woelkerling *Department of Botany, La Trobe University, Bundoora, Victoria, Australia 3083*

This is the official journal of the International Phycological Society, dedicated to the promotion of phycology and the encouragement of international cooperation among phycologists and phycological institutes. The purpose of *Phycologia* is to serve as a clearing house for phycological news and information. In addition to research papers and occasional review articles it also publishes information on meetings and excursions, reports from laboratories and institutions, and book reviews. Original contributions are accepted on a wide range of subjects provided they are of international interest and make a significant contribution to the study of phycology.

Subscription Information

Phycologia is published quarterly. Subscription rates for 1989 are £115.00 (UK & overseas), US\$198.00 (USA & Canada) post free.
