

Supporting BIICL

The need for BIICL's independent and impartial research, analysis and capacity building activities is greater than ever. We have ambitious plans to build on our successful track record of spreading knowledge and stimulating change through our research and related activities.

BIICL's ability to address emerging legal issues and respond to the most pressing global challenges depends on the ongoing support of our members, donors, funders and sponsors.

BIICL 60+ Appeal

Under the Chairmanship of Lord Neuberger of Abbotsbury, we have launched the BIICL 60+ Appeal to raise £3 million over the next five years. This will enable us to expand and develop our work on a wide range of legal issues affecting the world today, including those relating to international trade, climate change and technology.

Gifts to the BIICL 60+ Appeal are also helping to fund a major refurbishment of our office space. This renovation provides additional office accommodation for our growing team of researchers and a large attractive space for public events. Bringing our events and outreach, training and dissemination activities in-house will encourage the free-flow of ideas at the heart of the Institute and stimulate even greater collaboration between BIICL, the legal world and others interested in our work.

The 60+ Appeal Panel is comprised of the following members:

Lord Neuberger of Abbotsbury,
Chair
Martin Paisner CBE, Vice Chair
Philip Bennett
Guy Beringer
Sir Franklin Berman KCMG QC
Sir William Blair
Lord Collins of Mapesbury

BIICL ACTIVITIES

Research

BIICL conducts research around the world across the broad range of public international law, private international law, comparative law and the rule of law. This includes areas such as competition law, European law, human rights law, international investment law, and product liability law. Our research often crosses traditional boundaries of law, so as to integrate private and public international law, and engages with national, European and comparative law.

Our research is primarily applied research, based on strong knowledge foundations. This enables our research to have practical consequences, establish influential recommendations for decision-makers, and have an impact on law and policy around the world.

Events

BIICL organises an exciting and diverse programme of events throughout the year. These bring together leading speakers and participants from law firms, barristers' chambers, corporations, government, non-governmental organisations, regulatory bodies, international organisations, academia, students and many others.

Our events deal with the many important contemporary international legal issues and developments. They include evening seminars and full-day conferences, open debates and confidential discussions. Events are generally open to all members and the public, and most events are CPD accredited for practitioners.

Fora

The Institute enhances its research activities through four specialist forums: The Investment Treaty Forum,

The Competition Law Forum, The Product Liability Forum and The Human Rights Due Diligence Forum.

These invitation only discussion and working groups bring together senior experts to share experiences and exchange opinions, contribute to policy initiatives, and promote research in these important areas of law and practice.

Training and Development

The provision of specific and general training on international and comparative legal matters is another of our important activities. These range from short courses on specific topics within the UK, to capacity building in developing states. We offer high level expertise and practical experience, including from our network of practitioners and scholars, to enable an effective and engaging training programme.

Publications

Beyond the International and Comparative Law Quarterly, BIICL publishes many of its major research projects, some of which are available free of charge, and other papers on contemporary legal issues. It also publishes a regular Newsletter.

The Bingham Centre for the Rule of Law

The Bingham Centre was launched in 2010. It is named after The Rt Hon Lord Bingham of Cornhill KG who promoted the maintenance and development of the rule of law. The Centre is devoted to the study and promotion of the rule of law worldwide, defining and implementing the rule of law as a universal and practical concept that upholds respect for human dignity and enhances economic development and political stability.

INTERNATIONAL & COMPARATIVE LAW QUARTERLY

VOLUME 69

PART 4

OCTOBER 2020

When founded in 1952, the International and Comparative Law Quarterly was the only journal which offered the reader coverage of comparative law as well as public and private international law as well as European Union law. Since then it has maintained its pre-eminence amongst journals of its kind and it continues to offer practitioners and academics wide topical coverage without compromising rigorous editorial standards.

Membership of the British Institute of International and Comparative Law brings with it a subscription to the International and Comparative Law Quarterly, or it is available as a personal annual subscription from the distributor Cambridge University Press.
