The Gilded Age

PERSPECTIVES ON THE ORIGINS OF MODERN AMERICA
SECOND EDITION

Edited by Charles W. Calhoun

“The straightforward essays in *The Gilded Age* cut through stereotypes and introduce readers to the ways that the top historians analyze and discuss late nineteenth-century America. The first edition was especially strong on economic, social, and political developments. The addition of chapters on cultural trends enhances the book’s value as a course reader for undergraduates and as a reference tool for graduate students and professionals.”

—Alan Lessoff, Illinois State University

“This book is an essential resource—the only collection of essays on the post-Civil War decades currently in print. . . . From the steel industry to the Chicago World’s Fair, from the Supreme Court to the Social Gospel, these essays introduce readers to one of the most formative and exciting periods in American history.”

—Rebecca Edwards, author of *New Spirits: Americans in the World, 1865-1905*

Broad in scope, *The Gilded Age* brings together 16 original essays that offer lively syntheses of modern scholarship while making their own interpretive arguments. These engaging pieces allow readers to consider the various societal, cultural, and political factors that make studying the Gilded Age crucial to our understanding of America today. For the second edition of this successful book, each essay was revised and three new pieces have been added that explore technology, consumerism, intellectual life, and race in late nineteenth-century America.

ISBN 0-7425-5038-9 \$24.95 paper
ISBN 0-7425-5037-0 \$75.00 cloth

Journal of the Gilded Age and Progressive Era
**Instructions for access to online edition at the
History Cooperative <www.historycooperative.org>**

1. For Institutional Subscribers

If you are connecting from an institution that currently subscribes to *Journal of the Gilded Age and Progressive Era*, you will automatically receive access to full online content. This is enabled through the use of institutional IP number ranges and does not require your personal login. If your institution subscribes to the paper journal but you find that you cannot access the full-text online version from your campus, please ask your librarian to fill out our Online IP Registration Form, <<http://www.historians.org/HistoryCoop/>>, which will add your institutional IP numbers to our control system. Librarians will find more information at the following URL: <<http://www.historycooperative.org/libraryfaq.html>>.

2. For Individual Members:

If you are not connecting through a subscriber institution, but you are an individual subscriber to the journal, you can set up a personal account to access the entire run of the *Journal of the Gilded Age and Progressive Era* online. Simply register by using your subscription ID number, as shown on your journal mailing label. On the History Cooperative home page, click on the bottom right where it says, "How to access" or "Follow this link." Then follow the instructions. The subscription ID number is only needed the first time you access the online edition as a way to authenticate the visitor. During your first login or any time thereafter, you can set up a personal login and password for future access. If you have already an account, you can go to the login screen at <<http://www.historycooperative.org/login.html>>. Individual subscribers who have problems or need to know their ID number should contact the editor at <ahlesso@ilstu.edu>.

Conceiving a New Republic

The Republican Party and the Southern Question, 1869–1900

Charles W. Calhoun

“By documenting the centrality of the Republican party’s commitment to republican self-government, Calhoun not only casts light on that party’s continuing commitment to black rights between 1869 and 1900. He also identifies the nub of the party’s internal disputes over southern policy. This impressively perceptive book is an important contribution.”

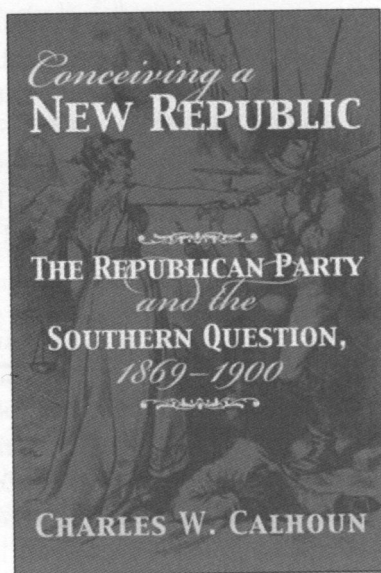

—Michael Holt, author of *The Rise and Fall of the Whig Party*

“Calhoun sets out to do nothing less than trace the thought of the Republican party on the key Southern question over a three-decade period, and to do it in a new and conceptually brilliant way. . . . A groundbreaking interpretation of a period and a set of issues vital to both the American past and present, based on impeccable research and written in clear, careful, and persuasive prose.”

—R. Hal Williams, author of *Years of Decision: American Politics in the 1890s*

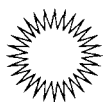

“A monumental study of the attitudes and policies of the Republican party toward the South in the Gilded Age, written with deep understanding of the period and its issues and full of insights about the politics of the era.”

—Lewis L. Gould, author of *Grand Old Party: A History of the Republicans*

American Political Thought
