# AFRICAN RESEARCH AND DOCUMENTATION

This is the last issue of this journal to be published jointly by the African Studies Association of the UK (ASAUK) and the Standing Conference on Library Materials on Africa (SCOLMA), since the ASAUK has decided to withdraw its support from the journal.

African Research and Documentation will however continue to be published by SCOLMA with no change in frequency or subscription rate. The content of the journal will follow the pattern established over the past ten years - articles on African bibliography, libraries and archives; book reviews and notes; and news of African studies and research in progress in Britain and elsewhere. The format of the journal will however be changed from A4 to A5 and in future will be typeset, which together should make it easier to handle and read.

The first issue, No. 31, of the new look African Research and Documentation will appear in April 1983, edited by Harry Hannam, Librarian of the Foreign and Commonwealth Office, who would be pleased to receive any articles, details of new publications, and news of research. Contributions should be sent to him at Sanctuary Buildings, Great Smith Street, London SW1P 3BZ.

Institutional and personal members of the ASAUK, who will no longer automatically receive copies of the journal after this issue, are invited to become subscribers. Renewals and new subscriptions for 1983 (£6.50) should be sent to the Subscriptions Manager, African Research and Documentation, Main Library, University of Birmingham, P.O. Box 363, Birmingham, B15 2TT, England.
