

Index of Subjects

Numerals followed by the letter A refer to pages in Abstracts of Communications read at Meetings for Original Communications of The Nutrition Society.

Adipose cell

- Pyruvate dehydrogenase activity of perirenal adipose tissue from foetal lambs 41, 58A, 1982
- The regulation of adipose cell metabolism 41, 167, 1982

Adolescents

- Nitrogen balance in adolescent sickle cell patients 41, 125A, 1982

Adrenocortical function

- Suppression of adrenocortical function in rats and sheep treated with the anabolic steroid trenbolone acetate 41, 138A, 1982

Alcoholic liver disease

- Serum ferritin in the assessment of hepatic iron storage in alcoholic liver disease 41, 109A, 1982

Allergy

- Persistent nausea and other variables in pregnancy – a possible association with cow's milk allergy in infants 41, 46A, 1982

Anabolic implantation

- The effect of an anabolic implant (trenbolone acetate + oestradiol-17 β on the metabolic rate and protein metabolism of beef steers 41, 28A, 1982

Anorexia

- Regulation of energy balance: studies on genetic hypothalamic and dietary obesity 41, 95, 1982

Anthropometric measurements

- Anthropometric measurements in surgical patients being parenterally or enterally fed 41, 111, 1982
- Anthropometrics revisited 41, 381, 1982
- Comparison of delayed hypersensitivity with biochemical and anthropometric measurements during nutritional support 41, 93A, 1982
- Measurement of mid-arm circumference: its value in the assessment of nutritional status in Crohn's disease 41, 99A, 1982
- Prevalence of nutritional disturbance and diagnostic value of nutritional assessment in chronic gastrointestinal disorders 41, 101A, 1982
- The assessment of body composition in clinical conditions 41, 389, 1982
- Weight, triceps skinfold, mid-arm muscle circumference, energy and protein intake of patients at home after partial gastrectomy 41, 114A, 1982

Antibiotic

- Flavomycin as a ruminant growth promoter – investigation of the mode of action 41, 56A, 1982

Antipyrene

- Drug metabolism in malnourished patients assessed by antipyrene clearance—the effect of parenteral feeding 41, 118A, 1982

Appetite

- How flavour and appearance affect human feeding 41, 109, 1982

Appetite regulation

- Effect of cholecystokinin octapeptide on food intake in pigs 41, 119, 1982

Artificial rearing

- Artificially reared well-fed and underfed rats: measures of body and organ growth in adulthood 41, 12A, 1982

Ascorbic acid

- The ascorbic acid content of thirteen varieties of potato 41, 6A, 1982

Asian

- Nutritional deficiencies among ethnic minorities in the United Kingdom 41, 243, 1982
- Trace element intake by Asians during pregnancy 41, 261, 1982
- What do Asian women in Birmingham eat during pregnancy? 41, 257, 1982

Bile salts

- The clearance of copper from the plasma of cattle and its excretion in bile during the intravenous infusion of copper sulphate solutions 41, 81A, 1982
- The effects of food deprivation and bile salt depletion on bile flow rate, the secretion of bile salts and the biliary excretion of manganese, copper, iron and zinc in the bile of steers 41, 72A, 1982

Biochemical measurements

- Biochemical indicators of nutritional status in elderly patients 41, 119A, 1982
- Biochemical methods in nutritional assessment 41, 419, 1982
- Comparison of delayed hypersensitivity with biochemical and anthropometric measurements during nutritional support 41, 93A, 1982

Bipiperidyl mustard

- Inhibition of the hypothalamic oedema induced by gold thioglucose and bipiperidyl mustard 41, 14A, 1982

Birth weight

- Dietary survey during pregnancy in a low socio-economic group 41, 44A, 1982
- Maternal energy intake in pregnancy and its relation to maternal foetal factors 41, 30A, 1982

Blood loss

- The effect of haemonchosis and blood loss into the abomasum on N digestion in sheep 41, 74A, 1982

Body composition

- Energy stores in man, their composition and measurement 41, 175, 1982

- Intracellular and extracellular components of man derived from nuclear based determinations of protein, water and fat 41, 106A, 1982
- Bran**
A comparison between the effect of added sodium phytate and endogenous phytate in bran and oats on zinc absorption 41, 132A, 1982
- Brown adipose tissue**
A role for brown adipose tissue in the genesis of obesity? – Studies on experimental animals 41, 127, 1982
Acute and chronic effects of sucrose and glucose on thermogenic responses and weight gain in the rat 41, 8A, 1982
Changes in brown adipose tissue mitochondria during cafeteria feeding in the rat 41, 7A, 1982
Evidence for dietary-induced thermogenesis in hyperphagic cafeteria-fed rats 41, 133, 1982
24 h oxygen consumption of rats stimulated by cafeteria feeding 41, 36A, 1982
- Cafeteria diet**
Absence of 'diet-induced thermogenesis' in growing rats kept at 29° and offered a varied diet 41, 63A, 1982
- Cafeteria feeding**
A role for brown adipose tissue in the genesis of obesity? – Studies on experimental animals 41, 127, 1982
Biochemical effects of varying protein intake in cafeteria fed rats 41, 128A, 1982
Changes in brown adipose tissue mitochondria during cafeteria feeding in the rat 41, 7A, 1982
Energy balance in rats maintained on 'cafeteria' diets of varying protein content 41, 127A, 1982
Evidence for dietary-induced thermogenesis in hyperphagic cafeteria-fed rats 41, 133, 1982
24 h oxygen consumption of rats stimulated by cafeteria feeding 41, 36A, 1982
- Caffeine**
Protein sparing effect of caffeine during starvation 41, 39A, 1982
- Cancer**
Dietary intake of advanced cancer patients 41, 96A, 1982
Immunological factors in nutritional assessment 41, 355, 1982
Nutritional status in head and neck cancer 41, 97A, 1982
Plasma protein concentration in nutritional assessment 41, 405, 1982
Riboflavin, vitamin A and zinc deficiencies: studies on risk factors associated with oesophageal cancer in China 41, 98A, 1982
Taste changes in advanced cancer 41, 108A, 1982
- Carotene**
The stability of β -carotene in preserved, moist leaf protein 41, 142A, 1982
- Cell turnover**
Measurement of cell turnover in the gastrointestinal wall of sheep using single injections of [6-³H]thymidine 41, 2A, 1982
- Chicken meat**
Iron absorption from chicken meat 41, 54A, 1982
- Chinese**
Changing dietary patterns among Hong Kong Chinese families now settled in London 41, 45A, 1982
- Cholecystokinin**
Effect of cholecystokinin octapeptide on food intake in pigs 41, 119, 1982
- Cholesterol**
A comparison of the effect of yam, cassava and alfalfa based diets on cholesterol metabolism in the rat 41, 61A, 1982
High-density-lipoprotein subfractions: The effects of a high-fibre cereal, low-fat dietary regimen 41, 117A, 1982
Hypocholesterolaemic effect of soya-bean proteins 41, 19, 1982
- Citrate**
Citrate ingestion and exercise metabolism in man 41, 148A, 1982
The relationship between plasma citrate concentration and skeletal muscle citrate content in man 41, 116A, 1982
- Cobalt deficiency**
Effect of cobalt deficiency on phosphatidylcholine and phosphatidylethanolamine in sheep liver 41, 16A, 1982
- Coeliac disease**
Zinc absorption in gluten-sensitive enteropathies 41, 71A, 1982
- Cooking**
Effect of processing including domestic cooking on nutritional quality of legumes 41, 41, 1982
- Copper**
Effects of high molybdenum intake on the distribution of copper between fractions of sheep digesta 41, 139A, 1982
Superoxide dismutase activity in erythrocytes of sheep fed low and high copper diets 41, 140A, 1982
- Copper availability**
Influence of liver copper concentration on plasma Cu depletion and repletion in the rat 41, 19A, 1982
- Copper supplementation**
The use of copper-containing controlled release glass for systemic supplementation of sheep with Cu 41, 84A, 1982
- Creatinine excretion**
An index of lean body mass from 24 h urinary creatinine excretion 41, 104A, 1982
- Crohn's disease**
Measurement of mid-arm circumference: its value in the assessment of nutritional status in Crohn's disease 41, 99A, 1982
Pre-operative parenteral nutrition in the operative management of Crohn's disease 41, 110A, 1982
Retinol deficiency in severe Crohn's disease – clinical manifestations and assessment of retinol therapy during nutritional support 41, 100A, 1982

Cultural effects

- Food habits of the majority: evolution of the current UK pattern 41, 211, 1982
- The cultural significance of food and eating 41, 203, 1982

Dairy cow

- Different forms of fat in the diet of dairy cows 41, 136A, 1982

Diabetes

- Beans in the management of diabetes 41, 81, 1982

Diet-induced thermogenesis

- Absence of 'diet-induced thermogenesis' in growing rats kept at 29° and offered a varied diet 41, 63A, 1982
- Changes in brown adipose tissue mitochondria during cafeteria feeding in the rat 41, 7A, 1982
- Dietary thermogenesis and exercise 41, 35A, 1982
- 24 h oxygen consumption of rats stimulated by cafeteria feeding 41, 36A, 1982

Dietary antigens

- Mammary and uterine transfer of immune tolerance to dietary antigens in weanling rabbits 41, 95A, 1982

Dietary change

- The establishment of equilibrium conditions in the digestive tract of the sheep after dietary change 41, 79A, 1982

Dietary diary

- The use of a dietary diary plus interview to measure the dietary habits of schoolchildren 41, 92A, 1982

Dietary fibre

- A comparison of the effect of yam, cassava and alfalfa based diets on cholesterol metabolism in the rat 41, 61A, 1982
- Dietary fibre, sodium, hypertension and C-reactive protein 41, 51A, 1982
- Effect of guar gum on glucose absorption from isolated loops of jejunum in conscious growing pigs 41, 48A, 1982
- Gum arabic metabolism in man 41, 64A, 1982
- Serum glucose and insulin responses in man, after varying the viscosity of starch 41, 47A, 1982

Dietary pattern

- Changing dietary patterns among Hong Kong Chinese families now settled in London 41, 45A, 1982
- Food habits of the majority: evolution of the current UK pattern 41, 211, 1982

Dietary survey

- Assessment of nutritional intake 41, 343, 1982
- Preliminary results of a longitudinal assessment of the dietary habits of 405 11-13-year-old children 41, 144A, 1982
- The period required for a weighed dietary survey of hospitalized patients 41, 90A, 1982

Dietary thermogenesis

- A role for brown adipose tissue in the genesis of obesity? – Studies on experimental animals 41, 127, 1982

- Evidence for dietary-induced thermogenesis in hyperphagic cafeteria-fed rats 41, 133, 1982
- The part played by variation of energy expenditure in the regulation of energy balance 41, 137, 1982

Digesta markers

- Comparison of rumen and faecal sampling procedures for calculating the retention time of digesta markers in the rumen of steers 41, 77A, 1982
- The release and movement of chromic oxide from a capsule in the rumen of sheep 41, 55A, 1982

Digesta movement

- The establishment of equilibrium conditions in the digestive tract of the sheep after dietary change 41, 79A, 1982

Drug metabolism

- Drug metabolism in malnourished patients assessed by antipyrine clearance – the effect of parenteral feeding 41, 118A, 1982

Elderly subjects

- Assessment of the dietary adequacy of zinc, copper, iron and manganese in the elderly 41, 102A, 1982
- Biochemical indicators of nutritional status in elderly patients 41, 119A, 1982
- The post-operative nutritional status of elderly orthopaedic patients with particular reference to vitamin A and zinc 41, 122A, 1982
- The stability of plasma vitamin C 41, 123A, 1982

Energy balance

- Energy balance in rats maintained on 'cafeteria' diets of varying protein content 41, 127A, 1982
- Factors affecting energy expenditure 41, 193, 1982
- Reflexions on energy balance 41, 161, 1982
- Regulation of energy balance: studies on genetic hypothalamic and dietary obesity 41, 95, 1982
- The part played by variation of energy expenditure in the regulation of energy balance 41, 137, 1982

Energy expenditure

- Assessment of energy expenditure 41, 349, 1982
- The part played by variation of energy expenditure in the regulation of energy balance 41, 137, 1982

Energy intake

- Energy balances of humans at three levels of metabolizable energy intake 41, 34A, 1982

Energy metabolism

- Energy balances of humans at three levels of metabolizable energy intake 41, 34A, 1982

Energy requirements

- Studies on the energy requirements of human pregnancy and lactation 41, 146A, 1982
- Studies on the energy requirements of human pregnancy and lactation – Glasgow 41, 145A, 1982

Energy stores

- Energy stores in man, their composition and measurement 41, 175, 1982

Essential fatty acids

- Testicular lipids of rats given an EFA deficient diet supplemented with linoleate or linolenate 41, 59A, 1982

- Ethnic minority**
 Factors influencing Sudanese food habits in Britain 41, 239, 1982
 Nutritional deficiencies among ethnic minorities in the United Kingdom 41, 243, 1982
- Exercise**
 Citrate ingestion and exercise metabolism in man 41, 148A, 1982
 Dietary thermogenesis and exercise 41, 35A, 1982
- Fat**
 Different forms of fat in the diet of dairy cows 41, 136A, 1982
- Fat feeding**
 Thermic response to fat feeding in lean and obese subjects 41, 32A, 1982
- Fatty acid synthesis**
 Energy costs of protein and fatty acid synthesis 41, 155, 1982
 Pyruvate dehydrogenase activity of perirenal adipose tissue from foetal lambs 41, 58A, 1982
- Fertility**
 Possible effect of molybdenum on fertility in the cow 41, 80A, 1982
- Fibre**
 The effect of apple fibre on calcium, magnesium, iron, copper and zinc balance in the rat 41, 133A, 1982
- Foetal fat stores**
 Effect of 3 d feeding with corn oil supplemented diets on foetal lipid stores in rabbits 41, 42A, 1982
- Food allergy**
 Persistent nausea and other variables in pregnancy – a possible association with cow's milk allergy in infants 41, 46A, 1982
- Food habits**
 Factors influencing Sudanese food habits in Britain 41, 239, 1982
 Feeding the Vietnamese in the UK and the rationale behind their food habits 41, 229, 1982
 Food habits of the majority: evolution of the current UK pattern 41, 211, 1982
 Nutritional deficiencies among ethnic minorities in the United Kingdom 41, 243, 1982
 The cultural significance of food and eating 41, 203, 1982
- Food intake**
 A comparison of analysed and calculated values for intakes of trace metals 41, 91A, 1982
 A transplantable rat insulinoma induces hyperphagia and abolishes diurnal changes of food consumption, plasma glucose and plasma insulin concentrations 41, 130A, 1982
 Assessment of nutritional intake 41, 343, 1982
 Dietary intake of advanced cancer patients 41, 96A, 1982
 The interaction of diet, diethylmaleate and methionine on the content and resynthesis of glutathione in rat liver and kidney 41, 131A, 1982
 The verification of dietary intake using 24 h urine samples 41, 103A, 1982
- Food presentation**
 How flavour and appearance affect human feeding 41, 109, 1982
- Food processing**
 Breeding dry beans for processing 41, 83, 1982
- Food processing effects**
 Effect of processing including domestic cooking on nutritional quality of legumes 41, 41, 1982
- Food storage**
 Storage losses in legumes 41, 75, 1982
- Galactose**
 Effect of zinc deficiency on intestinal uptake of galactose in the rat 41, 134A, 1982
- Gastrectomy**
 Weight, triceps skinfold, mid-arm muscle circumference, energy and protein intake of patients at home after partial gastrectomy 41, 114A, 1982
- Gastrointestinal disorders**
 Changes in intra- and extracellular components during pre-operative feeding assessed by nuclear techniques 41, 107A, 1982
 Prevalence of nutritional disturbance and diagnostic value of nutritional assessment in chronic gastrointestinal disorders 41, 101A, 1982
- Genetically obese rats**
 Metabolic responses to food, atropine and 2-deoxy-D glucose in Zucker rats 41, 37A, 1982
- Glucose absorption**
 Effect of guar gum on glucose absorption from isolated loops of jejunum in conscious growing pigs 41, 48A, 1982
 Serum glucose and insulin responses in man, after varying the viscosity of starch 41, 47A, 1982
- Glutathione**
 The interaction of diet, diethylmaleate and methionine on the content and resynthesis of glutathione in rat liver and kidney 41, 131A, 1982
- Gluten sensitivity**
 Zinc absorption in gluten-sensitive enteropathies 41, 71A, 1982
- Gold thioglucose**
 Inhibition of the hypothalamic oedema induced by gold thioglucose and bipiperidyl mustard 41, 14A, 1982
- Grain legumes**
 Beans in the management of diabetes 41, 81, 1982
 Effect of processing including domestic cooking on nutritional quality of legumes 41, 41, 1982
 Objectives and achievements in the improvement of grain legumes 41, 27, 1982
 Storage losses in legumes 41, 75, 1982
 The composition and nutritional value of legumes in relationship to crop improvement by breeding 41, 1, 1982
 The marketing of pulses: a neglected area 41, 63, 1982
- Growth promoter**
 Flavomycin as a ruminant growth promoter – investigation of the mode of action 41, 56A, 1982

- The effect of Durabolin on protein metabolism in the female rat 41, 57A, 1982
- Guar gum**
Effect of guar gum on glucose absorption from isolated loops of jejunum in conscious growing pigs 41, 48A, 1982
Serum glucose and insulin responses in man, after varying the viscosity of starch 41, 47A, 1982
- Gum arabic**
Gum arabic metabolism in man 41, 64A, 1982
- Heat production**
Energy costs of protein and fatty acid synthesis 41, 155, 1982
- Hepatic glucose metabolism**
The role of the liver in the control of food intake 41, 123, 1982
- High-fibre cereal**
High-density-lipoprotein subfractions: The effects of a high-fibre cereal, low-fat dietary regimen 41, 117A, 1982
- High-density lipoprotein**
High-density-lipoprotein subfractions: The effects of a high-fibre cereal, low-fat dietary regimen 41, 117A, 1982
- Hormone**
Effect of cholecystokinin octapeptide on food intake in pigs 41, 119, 1982
Regulation of energy balance: studies on genetic hypothalamic and dietary obesity 41, 95, 1982
- Hormone status**
The relationship between energy metabolism and blood level of thyroid hormones during early lactation of dairy cows 41, 25A, 1982
- Hospital patients**
Biochemical methods in nutritional assessment 41, 419, 1982
Metabolic severity of surgical procedures 41, 121A, 1982
The assessment of body composition in clinical conditions 41, 389, 1982
The period required for a weighed dietary survey of hospitalized patients 41, 90A, 1982
- Hypersensitivity**
Comparison of delayed hypersensitivity with biochemical and anthropometric measurements during nutritional support 41, 93A, 1982
- Hypertension**
Dietary fibre, sodium, hypertension and C-reactive protein 41, 51A, 1982
- Hypocholesterolaemia**
Hypocholesterolaemic effect of soya-bean proteins 41, 19, 1982
- Immigrant population**
Changing dietary patterns among Hong Kong Chinese families now settled in London 41, 45A, 1982
Factors influencing Sudanese food habits in Britain 41, 239, 1982
- Nutritional deficiencies among ethnic minorities in the United Kingdom 41, 243, 1982
Trace element intake by Asians during pregnancy 41, 261, 1982
What do Asian women in Birmingham eat during pregnancy? 41, 257, 1982
- Immune tolerance**
Mammary and uterine transfer of immune tolerance to dietary antigens in weanling rabbits 41, 95A, 1982
- Immunological factors**
Immunological factors in nutritional assessment 41, 355, 1982
- Immunological test**
Evaluation of an in vitro immunological test for predicting the suitability of soya-bean products for feeding to preruminant calves 41, 111A, 1982
- Insulin**
A transplantable rat insulinoma induces hyperphagia and abolishes diurnal changes of food consumption, plasma glucose and plasma insulin concentrations 41, 130A, 1982
- Intragastric infusion**
The effect of energy intake on nitrogen retention by lambs totally nourished by intragastric infusion 41, 27A, 1982
The flow of N from the rumen of cows and steers maintained by intraruminal infusion of volatile fatty acids 41, 76A, 1982
- Iron absorption**
A study of the effect of zinc on iron absorption in man 41, 17A, 1982
Iron absorption from chicken meat 41, 54A, 1982
- Iron deficiency**
The effect of sub-clinical iron deficiency on lead absorption 41, 21A, 1982
- Iron storage**
Serum ferritin in the assessment of hepatic iron storage in alcoholic liver disease 41, 109A, 1982
- Isotopic labelling**
Measurement of cell turnover in the gastrointestinal wall of sheep using single injections of [6-³H]thymidine 41, 2A, 1982
- Lactation**
Studies on the energy requirements of human pregnancy and lactation 41, 145A, 1982
Studies on the energy requirements of human pregnancy and lactation – Glasgow 41, 146A, 1982
The relationship between energy metabolism and blood level of thyroid hormones during early lactation of dairy cows 41, 25A, 1982
Vitamin C supplementation of lactating women in Keneba: a West African rural community 41, 124A, 1982
- Laying hen**
Some effects, on the domestic laying hen, of zinc oxide addition to the diet 41, 135A, 1982
- Lead absorption**
The effect of sub-clinical iron deficiency on lead absorption 41, 21A, 1982

Leaf protein

The stability of β -carotene in preserved, moist leaf protein 41, 142A, 1982

Lean body mass

An index of lean body mass from 24 h urinary creatinine excretion 41, 104A, 1982

Legume breeding

Breeding dry beans for processing 41, 83, 1982

The composition and nutritional value of legumes in relationship to crop improvement by breeding 41, 1, 1982

Legume breeding priorities

Objectives and achievements in the improvement of grain legumes 41, 27, 1982

Legume carbohydrates

Beans in the management of diabetes 41, 81, 1982

Legume proteins

Influence of tannins on the protein nutritional quality of food grains 41, 7, 1982

Notes on the workshop session 41, 91, 1982

Proximate composition and protein quality of five varieties of grain legumes used in animal feeding 41, 65A, 1982

The effects of legumes on mucosal cell turnover in rats 41, 49A, 1982

Legume seed composition

The composition and nutritional value of legumes in relationship to crop improvement by breeding 41, 1, 1982

Legume toxicity

Toxicity of legumes and the assessment of protein quality 41, 5A, 1982

Legumes

Production and consumption of legumes in Poland 41, 13A, 1982

Lipid metabolism

The regulation of adipose cell metabolism 41, 167, 1982

Litter size

Effect of litter size and post-weaning high-sucrose diet on development of obesity in the rat 41, 33A, 1982

Liver glycogen stores

The role of the liver in the control of food intake 41, 123, 1982

Liver phospholipids

Effect of cobalt deficiency on phosphatidylcholine and phosphatidylethanolamine in sheep liver 41, 16A, 1982

Livestock rations

The assessment of a new protein source – Rapeseed 41, 277, 1982

Lymphoid tissue

Immunological factors in nutritional assessment 41, 355, 1982

Malnutrition

Immunological factors in nutritional assessment 41, 355, 1982

Maternal nutrition

Maternal energy intake in pregnancy and its relation to maternal foetal factors 41, 30A, 1982

Membrane transport

A study in vitro of the effect of picolinic acid on metal translocation across model membranes 41, 68A, 1982

Metabolic regulation

The interrelationship between metabolic regulation, weight control and obesity 41, 183, 1982

Methane

Methane production in lambs fed high- and low-roughage diets 41, 9A, 1982

Methanogenesis inhibitor

Quantitative effects of ICI 111075 (an inhibitor of methanogenesis) on rumen fermentation and digestion in sheep 41, 137A, 1982

Methionine

The interaction of diet, diethylmaleate and methionine on the content and resynthesis of glutathione in rat liver and kidney 41, 131A, 1982

Microbial protein

Biological value and digestibility of rumen microbial protein in lamb small intestine 41, 78A, 1982

Micro-organisms

Availability and metabolism of purines of single-cell proteins in monogastric animals 41, 319, 1982

Industrial development and evaluation of new protein sources: Micro-organisms 41, 289, 1982

The fate of nucleic acids in ruminants 41, 309, 1982

Milk substitute

Effects of soya-bean products on digestive processes in the gastrointestinal tract of preruminant calves 41, 53, 1982

Mineral absorption

Magnesium ammonium phosphate precipitation and its significance in sheep 41, 85A, 1982

The importance of soil type and dietary sulphur in the impairment of copper absorption in sheep which ingest soil 41, 83A, 1982

The use of copper-containing controlled release glass for systemic supplementation of sheep with Cu 41, 84A, 1982

Mineral excretion

The clearance of copper from the plasma of cattle and its excretion in bile during the intravenous infusion of copper sulphate solutions 41, 81A, 1982

The effects of food deprivation and bile salt depletion on bile flow rate, the secretion of bile salts and the biliary excretion of manganese, copper, iron and zinc in the bile of steers 41, 72A, 1982

Mineral metabolism

Influence of dietary sulphide and tetrathiomolybdate on copper metabolism in rats 41, 86A, 1982

Possible effect of molybdenum on fertility in the cow 41, 80A, 1982

The determination of thiomolybdates in continuous cultures of rumen micro-organisms 41, 66A, 1982

- The effects of iron and sulphide on copper metabolism in rats 41, 82A, 1982
- The formation of tri- and tetra-thiomolybdates in continuous cultures of rumen micro-organisms and their adsorption onto 'fibre' 41, 67A, 1982
- Trace element intake by Asians during pregnancy 41, 261, 1982
- Molybdenum**
- Effects of high molybdenum intake on the distribution of copper between fractions of sheep digesta 41, 139A, 1982
- Possible effect of molybdenum on fertility in the cow 41, 80A, 1982
- Monensin**
- Quantitative changes in the rumen fermentation of sheep associated with feeding monensin 41, 3A, 1982
- Mucosal cell turnover**
- The effects of legumes on mucosal cell turnover in rats 41, 49A, 1982
- Muscle enzyme activity**
- Effects of varying protein or food intake on catalase and superoxide dismutase activities in rat muscles 41, 40A, 1982
- Muscle wasting**
- Effects of varying protein or food intake on catalase and superoxide dismutase activities in rat muscles 41, 40A, 1982
- Nausea**
- Some preliminary observations on the relationship between preconceptional diet and nausea and vomiting in early pregnancy 41, 94A, 1982
- Niacin**
- The nature of niacin in sorghum 41, 50A, 1982
- Nitrogen balance**
- Nitrogen balance in adolescent sickle cell patients 41, 125A, 1982
- The effect of peripheral isotonic amino acid infusions on postoperative energy balance 41, 41A, 1982
- Nitrogen digestion**
- The effect of haemonchosis and blood loss into the abomasum on N digestion in sheep 41, 74A, 1982
- Nitrogen metabolism**
- The effect of energy intake on nitrogen retention by lambs totally nourished by intragastric infusion 41, 27A, 1982
- The flow of N from the rumen of cows and steers maintained by intraruminal infusion of volatile fatty acids 41, 76A, 1982
- Nucleic acids**
- Purine and pyrimidine metabolism 41, 329, 1982
- The fate of nucleic acids in ruminants 41, 309, 1982
- Utilization of dietary purines and pyrimidines by non-ruminant animals 41, 301, 1982
- Nutritional deficiencies**
- Nutritional deficiencies among ethnic minorities in the United Kingdom 41, 243, 1982
- Nutritional status**
- A longitudinal study of nutritional status and its influence on birth weight in primigravid Caucasian, Asian and West Indian women in London 41, 105A, 1982
- Measurement of mid-arm circumference: its value in the assessment of nutritional status in Crohn's disease 41, 99A, 1982
- Nutritional status in head and neck cancer 41, 97A, 1982
- Nutritional status of surgical patients in Pakistan 41, 113A, 1982
- Prevalence of nutritional disturbance and diagnostic value of nutritional assessment in chronic gastrointestinal disorders 41, 101A, 1982
- Nutritional support**
- Anthropometric measurements in surgical patients being parenterally or enterally fed 41, 111A, 1982
- Can we monitor response to nutritional therapy? 41, 112A, 1982
- Changes in intra- and extracellular components during pre-operative feeding assessed by nuclear techniques 41, 107A, 1982
- Comparison of delayed hypersensitivity with biochemical and anthropometric measurements during nutritional support 41, 93A, 1982
- Drug metabolism in malnourished patients assessed by antipyrine clearance – the effect of parenteral feeding 41, 118A, 1982
- Plasma protein concentration in nutritional assessment 41, 405, 1982
- Pre-operative parenteral nutrition in the operative management of Crohn's disease 41, 110A, 1982
- Retinol deficiency in severe Crohn's disease – clinical manifestations and assessment of retinol therapy during nutritional support 41, 100A, 1982
- The assessment of body composition in clinical conditions 41, 389, 1982
- Oats**
- A comparison between the effect of added sodium phytate and endogenous phytate in bran and oats on zinc absorption 41, 132A, 1982
- Obesity**
- A role for brown adipose tissue in the genesis of obesity? – Studies on experimental animals 41, 127, 1982
- Effect of litter size and post-weaning high-sucrose diet on development of obesity in the rat 41, 33A, 1982
- Energy cost of deposition and maintenance of 'obese tissue' in the adult rat 41, 31A, 1982
- Evidence for dietary-induced thermogenesis in hyperphagic cafeteria-fed rats 41, 133, 1982
- Inhibition of the hypothalamic oedema induced by gold thioglucose and bipiperidyl mustard 41, 14A, 1982
- Is there a body protein reserve? 41, 373, 1982

- Regulation of energy balance: studies on genetic hypothalamic and dietary obesity
41, 95, 1982
- The effect of dietary n-3 and n-6 polyunsaturated fatty acids on platelet aggregation and aortic prostacyclin production in lean and obese rats
41, 129A, 1982
- The interrelationship between metabolic regulation, weight control and obesity
41, 183, 1982
- Thermic response to fat feeding in lean and obese subjects
41, 32A, 1982
- Oestrogens**
The tryptophan load test for vitamin B₆ status is inappropriate for women receiving oestrogens
41, 120A, 1982
- Olive-pit meal**
Composition and nutritive value of a partly de-corticated olive-pit meal
41, 62A, 1982
- Palatability**
Studies on the palatability of salt and urea in sheep
41, 73A, 1982
- Parasite**
The effect of haemonchosis and blood loss into the abomasum on N digestion in sheep
41, 74A, 1982
- Parenteral nutrition**
Drug metabolism in malnourished patients assessed by antipyrine clearance—the effect of parenteral feeding
41, 118A, 1982
The effect of peripheral isotonic amino acid infusions on postoperative energy balance
41, 41A, 1982
- Parturition**
Efficiency of progesterone withdrawal as a factor in low zinc-induced dystocia
41, 18A, 1982
- Perinatal death**
Maternal energy intake in pregnancy and its relation to maternal foetal factors
41, 30A, 1982
Perinatal mortality in zinc deficient rats is associated with significantly reduced utero-placental blood flow
41, 69A, 1982
- Phytate**
A comparison between the effect of added sodium phytate and endogenous phytate in bran and oats on zinc absorption
41, 132A, 1982
- Plasma proteins**
Plasma protein concentration in nutritional assessment
41, 405, 1982
- Platelet aggregation**
The effect of dietary n-3 and n-6 polyunsaturated fatty acids on platelet aggregation and aortic prostacyclin production in lean and obese rats
41, 129A, 1982
- Polyunsaturated fatty acids**
The effect of dietary n-3 and n-6 polyunsaturated fatty acids on platelet aggregation and aortic prostacyclin production in lean and obese rats
41, 129A, 1982
- Potatoes**
The ascorbic acid content of thirteen varieties of potato
41, 6A, 1982
- Poultry rations**
The assessment of a new protein source – Rapeseed
41, 277, 1982
- Preconceptional diet**
Some preliminary observations on the relationship between preconceptional diet and nausea and vomiting in early pregnancy
41, 94A, 1982
- Pregnancy**
Dietary intakes of zinc, copper, calcium and iron in human pregnancy
41, 147A, 1982
Dietary survey during pregnancy in a low socio-economic group
41, 44A, 1982
Efficiency of progesterone withdrawal as a factor in low zinc-induced dystocia
41, 18A, 1982
Perinatal mortality in zinc deficient rats is associated with significantly reduced utero-placental blood flow
41, 69A, 1982
Persistent nausea and other variables in pregnancy – a possible association with cow's milk allergy in infants
41, 46A, 1982
Some preliminary observations on the relationship between preconceptional diet and nausea and vomiting in early pregnancy
41, 94A, 1982
Studies on the energy requirements of human pregnancy and lactation
41, 145A, 1982
Studies on the energy requirements of human pregnancy and lactation – Glasgow
41, 146A, 1982
Trace element intake by Asians during pregnancy
41, 261, 1982
What do Asian women in Birmingham eat during pregnancy?
41, 257, 1982
- Pre-operative nutrition**
Changes in intra- and extracellular components during pre-operative feeding assessed by nuclear techniques
41, 107A, 1982
Pre-operative parenteral nutrition in the operative management of Crohn's disease
41, 110A, 1982
The assessment of body composition in clinical conditions
41, 389, 1982
- Primigravidae**
A longitudinal study of nutritional status and its influence on birth weight in primigravid Caucasian, Asian and West Indian women in London
41, 105A, 1982
Dietary intakes of zinc, copper, calcium and iron in human pregnancy
41, 147A, 1982
The verification of dietary intake using 24 h urine samples
41, 103A, 1982
- Protein efficiency ratio**
Evaluation of protein quality: Methodological considerations
41, 267, 1982
- Protein-energy malnutrition**
Is there a body protein reserve?
41, 373, 1982
The effect of zinc supplementation on plasma levels of vitamin A and retinol-binding protein (RBP) in children recovering from protein-energy malnutrition (PEM)
41, 52A, 1982
- Protein intake**
Biochemical effects of varying protein intake in cafeteria fed rats
41, 128A, 1982
Energy balance in rats maintained on 'cafeteria' diets of varying protein content
41, 127A, 1982

- Protein quality**
 Evaluation of protein quality: Methodological considerations 41, 267, 1982
 Influence of tannins on the protein nutritional quality of food grains 41, 7, 1982
 The assessment of a new protein source – Rapeseed 41, 277, 1982
- Protein reserve**
 Is there a body protein reserve? 41, 373, 1982
- Protein source**
 Composition and nutritive value of a partly de-corticated olive-pit meal 41, 62A, 1982
 Proximate composition and protein quality of five varieties of grain legumes used in animal feeding 41, 65A, 1982
- Protein-sparing effects**
 Protein sparing effect of caffeine during starvation 41, 39A, 1982
 Short-term changes in urea synthesis in pigs following the addition of carbohydrate or fat to their diets 41, 38A, 1982
- Protein supplementation**
 The effect of level of feeding on the rate of outflow of sodium dichromate-treated protein supplements from the rumen of dairy cows 41, 87A, 1982
- Protein synthesis**
 Energy costs of protein and fatty acid synthesis 41, 155, 1982
 The excretion of allantoin by ruminants in relation to protein entering the abomasum 41, 75A, 1982
- Protein turnover**
 The effect of Durabolin on protein metabolism in the female rat 41, 57A, 1982
- Pulses**
 The marketing of pulses: a neglected area 41, 63, 1982
- Purines**
 Availability and metabolism of purines of single-cell proteins in monogastric animals 41, 319, 1982
 Purine and pyrimidine metabolism 41, 329, 1982
 Utilization of dietary purines and pyrimidines by non-ruminant animals 41, 301, 1982
- Pyrimidines**
 Purine and pyrimidine metabolism 41, 329, 1982
 Utilization of dietary purines and pyrimidines by non-ruminant animals 41, 301, 1982
- Racial groups**
 A longitudinal study of nutritional status and its influence on birth weight in primigravid Caucasian, Asian and West Indian women in London 41, 105A, 1982
 Vitamin C supplementation of lactating women in Keneba: a West African rural community 41, 124A, 1982
- Radioactive markers**
 Intracellular and extracellular components of man derived from nuclear based determinations of protein, water and fat 41, 106A, 1982
- Rapeseed**
 The assessment of a new protein source – Rapeseed 41, 277, 1982
- Refugees**
 Feeding the Vietnamese in the UK and the rationale behind their food habits 41, 229, 1982
- Retention time**
 Comparison of rumen and faecal sampling procedures for calculating the retention time of digesta markers in the rumen of steers 41, 77A, 1982
- Retinol**
 Effect of zinc deficiency on the conversion of β -carotene to retinol as indicated by liver stores 41, 53A, 1982
 The effect of zinc supplementation on plasma levels of vitamin A and retinol-binding protein (RBP) in children recovering from protein-energy malnutrition (PEM) 41, 52A, 1982
- Retinol deficiency**
 Retinol deficiency in severe Crohn's disease – clinical manifestations and assessment of retinol therapy during nutritional support 41, 100A, 1982
- Riboflavin deficiency**
 Riboflavin, vitamin A and zinc deficiencies: studies on risk factors associated with oesophageal cancer in China 41, 98A, 1982
- Roughage diets**
 Methane production in lambs fed high- and low-roughage diets 41, 9A, 1982
- Rumen fermentation**
 Flavomycin as a ruminant growth promoter – investigation of the mode of action 41, 56A, 1982
 Quantitative changes in the rumen fermentation of sheep associated with feeding monensin 41, 3A, 1982
 Quantitative effects of ICI 111075 (an inhibitor of methanogenesis) on rumen fermentation and digestion in sheep 41, 137A, 1982
- Rumen micro-organisms**
 Biological value and digestibility of rumen microbial protein in lamb small intestine 41, 78A, 1982
 The determination of thiomolybdates in continuous cultures of rumen micro-organisms 41, 66A, 1982
 The excretion of allantoin by ruminants in relation to protein entering the abomasum 41, 75A, 1982
 The formation of tri- and tetra-thiomolybdates in continuous cultures of rumen micro-organisms and their adsorption onto 'fibre' 41, 67A, 1982
- Rumen outflow rate**
 Effect of the feeding level of grass on the rate of outflow of protein supplements from the rumen of sheep 41, 29A, 1982
- Ruminant digestion**
 The release and movement of chromic oxide from a capsule in the rumen of sheep 41, 55A, 1982

Rusitec

- The determination of thiomolybdates in continuous cultures of rumen micro-organisms 41, 66A, 1982
- The formation of tri- and tetra-thiomolybdates in continuous cultures of rumen micro-organisms and their adsorption onto 'fibre' 41, 67A, 1982

Satiety

- Effect of cholecystokinin octapeptide on food intake in pigs 41, 119, 1982
- How flavour and appearance affect human feeding 41, 109, 1982
- Inhibition of the hypothalamic oedema induced by gold thioglucose and bipiperidyl mustard 41, 14A, 1982

Schoolchildren

- Preliminary results of a longitudinal assessment of the dietary habits of 405 11-13-year-old children 41, 144A, 1982
- The use of a dietary diary plus interview to measure the dietary habits of school-children 41, 92A, 1982

Selenium status

- Selenium status in paediatric health and disease states 41, 20A, 1982

Sickle cell anaemia

- Nitrogen balance in adolescent sickle cell patients 41, 125A, 1982

Silage diets

- Energy retention and utilization of grass and legume silage by cattle 41, 23A, 1982
- The voluntary intake, growth rate and tissue retention of cattle fed grass or legume silage 41, 24A, 1982

Single-cell protein

- Availability and metabolism of purines of single-cell proteins in monogastric animals 41, 319, 1982
- Industrial development and evaluation of new protein sources: Micro-organisms 41, 289, 1982
- Utilization of dietary purines and pyrimidines by non-ruminant animals 41, 301, 1982

Sodium salt supplements

- Effects of sodium bicarbonate or sodium chloride or both upon performance of weaned calves 41, 26A, 1982

Soil ingestion

- The importance of soil type and dietary sulphur in the impairment of copper absorption in sheep which ingest soil 41, 83A, 1982

Soya-bean antigenicity

- Effects of soya-bean products on digestive processes in the gastrointestinal tract of preruminant calves 41, 53, 1982

Soya-bean meal

- Effects of sodium bicarbonate or sodium chloride or both upon performance of weaned calves 41, 26A, 1982

Soya-bean products

- Evaluation of an *in vitro* immunological test for predicting the suitability of soya-bean products for feeding to preruminant calves 41, 11A, 1982

Soya-bean proteins

- Hypocholesterolaemic effect of soya-bean proteins 41, 19, 1982
- Effects of soya-bean products on digestive processes in the gastrointestinal tract of preruminant calves 41, 53, 1982

Soya beans

- Direct utilization of whole soya bean as a human food 41, 4A, 1982

Starvation

- Protein sparing effect of caffeine during starvation 41, 39A, 1982

Storage losses

- Storage losses in legumes 41, 75, 1982

Straw diets

- Treated straws and turnips in rations for beef steers 41, 22A, 1982

Superoxide dismutase (E 1.15.1.1)

- Superoxide dismutase activity in erythrocytes of sheep fed low and high copper diets 41, 140A, 1982

Surgery

- The effect of peripheral isotonic amino acid infusions on postoperative energy balance 41, 41A, 1982

Surgical complications

- Prediction of surgical complications 41, 115A, 1982

Surgical patients

- Metabolic severity of surgical procedures 41, 121A, 1982
- Nutritional status of surgical patients in Pakistan 41, 113A, 1982
- The post-operative nutritional status of elderly orthopaedic patients with particular reference to vitamin A and zinc 41, 122A, 1982

Tannins

- Influence of tannins on the protein nutritional quality of food grains. 41, 7, 1982

Taste sensation

- Taste changes in advanced cancer 41, 108A, 1982

Testicular development

- Testicular lipids of rats given an EFA deficient diet supplemented with linoleate or linolenate 41, 59A, 1982

Thermic response

- Metabolic responses to food, atropine and 2-deoxy-D glucose in Zucker rats 41, 37A, 1982
- Thermic response to fat feeding in lean and obese subjects 41, 32A, 1982

Thermogenesis

- Factors affecting energy expenditure 41, 193, 1982

Thermogenic response

- Acute and chronic effects of sucrose and glucose on thermogenic responses and weight gain in the rat 41, 8A, 1982

Thymidine

Measurement of cell turnover in the gastrointestinal wall of sheep using single injections of [6-³H]thymidine 41, 2A, 1982

Thyroid hormones

The relationship between energy metabolism and blood level of thyroid hormones during early lactation of dairy cows 41, 25A, 1982

Toxicity assessment

Toxicity of legumes and the assessment of protein quality 41, 5A, 1982

Trace elements

Trace element intake by Asians during pregnancy 41, 261, 1982

Trace metals

A comparison of analysed and calculated values for intakes of trace metals 41, 91A, 1982

Assessment of the dietary adequacy of zinc, copper, iron and manganese in the elderly 41, 102A, 1982

Dietary intakes of zinc, copper, calcium and iron in human pregnancy 41, 147A, 1982

The effect of apple fibre on calcium, magnesium, iron, copper and zinc balance in the rat 41, 133A, 1982

Trenbolone acetate

Suppression of adrenocortical function in rats and sheep treated with the anabolic steroid trenbolone acetate 41, 138A, 1982

The effect of an anabolic implant (trenbolone acetate + oestradiol-17 β) on the metabolic rate and protein metabolism of beef steers 41, 28A, 1982

Tryptophan load test

The tryptophan load test for vitamin B₆ status is inappropriate for women receiving oestrogens 41, 120A, 1982

Tumour

A transplantable rat insulinoma induces hyperphagia and abolishes diurnal changes of food consumption, plasma glucose and plasma insulin concentrations 41, 130A, 1982

Undernutrition

Vitamin E status of children recovering from severe malnutrition 41, 143A, 1982

Vagus nerve

The role of the liver in the control of food intake 41, 123, 1982

Vegetable protein

Proximate composition and protein quality of five varieties of grain legumes used in animal feeding 41, 65A, 1982

The effects of legumes on mucosal cell turnover in rats 41, 49A, 1982

Vietnamese diet

Feeding the Vietnamese in the UK and the rationale behind their food habits 41, 229, 1982

Viscosity

Serum glucose and insulin responses in man, after varying the viscosity of starch 41, 47A, 1982

Vitamin A

Effect of zinc deficiency on the conversion of β -carotene to retinol as indicated by liver stores 41, 53A, 1982

The effect of zinc supplementation on plasma levels of vitamin A and retinol-binding protein (RBP) in children recovering from protein-energy malnutrition (PEM) 41, 52A, 1982

The post-operative nutritional status of elderly orthopaedic patients with particular reference to vitamin A and zinc 41, 122A, 1982

Vitamin A deficiency

Riboflavin, vitamin A and zinc deficiencies: studies on risk factors associated with oesophageal cancer in China 41, 98A, 1982

The stability of β -carotene in preserved, moist leaf protein 41, 142A, 1982

Vitamin B₆

The tryptophan load test for vitamin B₆ status is inappropriate for women receiving oestrogens 41, 120A, 1982

Vitamin B₁₂

The intestinal flow of vitamin B₁₂ in sheep given diets of grass or barley 41, 141A, 1982

Vitamin C

The stability of plasma vitamin C 41, 123A, 1982
Vitamin C supplementation of lactating women in Keneba: a West African rural community 41, 124A, 1982

Vitamin E

Vitamin E status of children recovering from severe malnutrition 41, 143A, 1982

Weanling rabbits

Mammary and uterine transfer of immune tolerance to dietary antigens in weanling rabbits 41, 95A, 1982

West Indian

Nutritional deficiencies among ethnic minorities in the United Kingdom 41, 243, 1982

Winged bean

Preliminary studies on the nutritive values of winged beans 41, 10A, 1982

Zinc

A study of the effect of zinc on iron absorption in man 41, 17A, 1982

Effect of zinc deficiency on the conversion of β -carotene to retinol as indicated by liver stores 41, 53A, 1982

Some effects, on the domestic laying hen, of zinc oxide addition to the diet 41, 135A, 1982

The effect of zinc supplementation on plasma levels of vitamin A and retinol-binding protein (RBP) in children recovering from protein-energy malnutrition (PEM) 41, 52A, 1982

The post-operative nutritional status of elderly orthopaedic patients with particular reference to vitamin A and zinc 41, 122A, 1982

Zinc absorption

A comparison between the effect of added sodium phytate and endogenous phytate in bran and oats on zinc absorption 41, 132A, 1982

Zinc absorption

A study in vitro of the effect of picolinic acid on metal translocation across model membranes

41, 68A, 1982

Influence of anions and organic ligands on the intestinal absorption of zinc in vitro

41, 70A, 1982

Zinc absorption in gluten-sensitive enteropathies

41, 71A, 1982

Zinc deficiency

Effect of zinc deficiency on intestinal uptake of galactose in the rat

41, 134A, 1982

Efficiency of progesterone withdrawal as a factor in low zinc-induced dystocia

41, 18A, 1982

Perinatal mortality in zinc deficient rats is associated with significantly reduced utero-placental blood flow

41, 69A, 1982

Riboflavin, vitamin A and zinc deficiencies: studies on risk factors associated with oesophageal cancer in China

41, 98A, 1982
