Realism and Democracy
American Foreign Policy after the Arab Spring

"Elliott Abrams has done the country another important service. This outstanding book reminds us that the enduring power of America is that, at our best, we see our interests as our values, and our values as our interests. Now more than ever, Americans and their leaders need to understand that support for human rights has been, and should remain, a key pillar of U.S. foreign policy. This book could not be more timely or more significant."

Senator John McCain
