

# General notes

UNIVERSITY OF LONDON  
BRITISH POSTGRADUATE MEDICAL FEDERATION

THE INSTITUTE OF LARYNGOLOGY AND OTOTOLOGY  
330/332 GRAY'S INN ROAD, LONDON, W.C.1.

## WHOLE-TIME COURSES FOR POSTGRADUATE STUDENTS

*16 February–23 May 1970 and 3 August–7 November 1970*

BASIC SCIENCES CLASS for Part I D.L.O. students.

This consists of approximately 50 lecture/demonstrations on the anatomy of the head, neck, thorax and brain; 20 lectures covering the physiological aspects; 6 on applied pharmacology; and 8 on histological and pathological and bacteriological subjects. Facilities are also available for dissection of the brain, and this occupies about five periods.

*16 February–13 March 1970 and 3 August–28 August 1970*

BASIC SCIENCES CLASS for Students of Neurology.

This course includes 20 lectures on the anatomy of the brain, spinal cord and motor tracts, 6 lectures on the physiological properties and 5 periods of dissection of the brain.

*5 January–14 February 1970 and 29 June–8 August 1970*

INTENSIVE CLINICAL LECTURE PERIOD for Post-Primary Fellowship, Part II D.L.O. and other students.

These periods are primarily designed to give a clinical survey of the whole field of the Specialty as a preliminary to practical clinical training. At the completion of the Intensive Lecture Period, selected students may be given the opportunity to serve as house surgeons in the associated hospitals.

*18 May–30 May 1970 and 4 November–17 November 1970*

PRACTICAL REVISION CLASS for Part II D.L.O. students.

This is intended for those students who are well advanced in preparation for the examination and need only the opportunity for a final review. The class includes demonstrations of selected clinical cases and viva voce examinations.

*16 March–1 April 1970 and 28 September–10 October 1970*

ADVANCED REVISION COURSE for students taking higher surgical examinations.

## General notes

This is limited to senior students who are about to take the Final examination. In addition to a series of lecture/discussions at the appropriate level in the Specialty and in related branches of general surgery, there are a number of clinical and viva voce sessions and arrangements for the setting and correction of test papers.

A copy of the syllabus giving full information about the teaching and research facilities provided by the Institute, and a detailed programme of any of the courses listed overleaf and of the short course on specific aspects which are arranged from time to time can be obtained from the Secretary-Administrator.

The clinical practice can be joined at any time by individual arrangement with the Dean. This includes daily practical teaching in the clinics and operating theatres and ward-rounds and special demonstrations weekly.

Demonstrations of clinical cases, open clinical lectures and pathological conferences are held at regular intervals throughout the year, and are open without fee to all trainees in the Specialty. A list giving dates and times is obtainable in the Secretary-Administrator's office.

---

### GUEST LECTURES AT AN ADVANCED LEVEL

Open to all members of the Specialty and to postgraduate students (whether enrolled students of the Institute or not)

*Thursday, 5 February 1970 at 5.30 p.m.* at the Royal College of Surgeons.

PROFESSOR BARRIE JONES (London). 'Proptosis.'

*Monday, 9 February 1970 at 5.30 p.m.* at the Institute.

PROFESSOR J. ROBERT MAY (London). 'Haemophilus influenzae; its clinical importance.'

*Thursday, 5 March 1970 at 5.30 p.m.* at the Royal College of Surgeons.

DR. ALDEN H. MILLER (Los Angeles). 'Congenital oesophageal anomalies.'

*Thursday, 30 April 1970 at 5.30 p.m.* at the Royal College of Surgeons.

JOSEPH TOYNBEE MEMORIAL LECTURE. Lecturer and subject to be announced.

---

### SHORT COURSES FOR CONSULTANTS AND SENIOR REGISTRARS

*3, 4, 5 March 1970*

Diagnosis and treatment of the deaf child.

(Open also to Medical Officers of Health of Public Authorities.)

*9, 10, 11, 12, 13, 14 March 1970*

Practical Aural Surgery Class.

## General notes

*11 April 1970*

Pathology of the ear, nose and throat.

*1 month commencing 1 June 1970*

Post-Fellowship Advanced Specialty.

Training Course in Otolaryngology.

(Consultants and Registrars in the National Health Service are eligible for grant of study leave with pay and expenses to attend these Courses.)

*6 June 1970*

Modern Diagnostic Techniques in Otology.

(Acoustical, Electro-Physiological and Radiological.)

---

### NON-MEDICAL COURSES

*13, 14, 15 May 1970*

Hearing and Mental assessment of the deaf child—for psychologists.

(The number of entries is limited in each course. A detailed syllabus of any of the above is obtainable on application from the Secretary-Administrator.)

---

### SUNDAY MORNING SEMINARS FOR GENERAL PRACTITIONERS

who are cordially invited to attend all or any of the Seminars below without fee or ticket.

The Seminars are recognized by the Department of Health and Social Security for entitlement to the Postgraduate Training Allowance and/or Seniority Allowance.

*Sunday, 15 February 1970, at 10.15 a.m.*

MR. W. D. DOEY.

*Sunday, 15 March 1970, at 10.15 a.m.*

MR. S. E. BIRDSALL.

Lunch will be provided in the Refectory after each Seminar from 12.45 p.m. Practitioners who are able to accept the Institute's invitation to lunch are requested to notify the Secretary-Administrator at least one week beforehand.

The seminars will cover the field of otolaryngology in relation to common conditions encountered in general practice. There will be no formal lectures, and practitioners attending will have the opportunity to submit questions and to participate in discussions.

Each seminar will be conducted by a member of the Institute's panel of lecturers who is also a consultant on the staff of the associated Hospital.

## General notes

There is a limited number of appointments in the associated Hospital as Clinical Assistants and Out-Patient Assistants for which general practitioners are eligible to apply. Courses of two months' duration (two afternoon sessions weekly) to train practitioners for similar appointments in their local hospitals are also available; members of these courses are eligible for financial grant to cover travelling and subsistence expenses. Particulars can be obtained on request.

---

COMBINED STAFF CONSULTATION CLINICAL MEETINGS at 5.30 p.m.  
(Open to all members of the Specialty and to post-graduate students.)

MONDAYS:

*9, 16, 23 February 1970.*  
*9, 16, 23 March 1970.*  
*13, 20, 27 April 1970.*  
*11, 18 May 1970.*  
*8, 15, 22, 29 June 1970.*  
*6, 13, 20, 27 July 1970.*

---

CLINICO-PATHOLOGICAL CONFERENCES at 5.30 p.m.

(Professor I. Friedmann, Dr. D. A. Osborn, Dr. K. E. K. Rowson, Dr. T. A. Rees.)

(Open to all members of the Specialty and to postgraduate students.)

MONDAYS:

*2 February 1970.*  
*2 March 1970.*  
*6 April 1970.*  
*4 May 1970.*  
*1 June 1970.*

---

### OPEN LECTURES AND DEMONSTRATIONS FOR TRAINEES IN THE SPECIALTY

(whether enrolled students of the Institute or not) without fee and without ticket.

*Friday, 6 February 1970 at 5.30 p.m.*

DR. L. SINCLAIR. 'The child's face.'

*Tuesday, 10 February 1970 at 5.30 p.m.*

DR. R. HINCHCLIFFE. 'Tests of acoustic function I.'

## General notes

*Wednesday, 11 February 1970 at 5.30 p.m.*

DR. R. HINCHCLIFFE. 'Tests of acoustic function II.'

*Thursday, 12 February 1970 at 5.30 p.m.*

DR. R. HINCHCLIFFE. 'Tests of vestibular function I.'

*Friday, 13 February 1970 at 5.30 p.m.*

DR. R. HINCHCLIFFE. 'Tests of vestibular function II.'

*Friday, 6 March 1970 at 5.30 p.m.*

DR. L. H. CAPEL. 'The stuffy nose, allergic and otherwise.'

*Friday, 13 March 1970 at 5.30 p.m.*

MR. A. RADCLIFFE. 'The management of chronic maxillary sinusitis.'

*Friday, 20 March 1970 at 5.30 p.m.*

MR. V. T. HAMMOND. 'The management of chronic suppurative otitis media.'

*Friday, 3 April 1970 at 5.30 p.m.*

MR. J. A. M. MARTIN. 'Assessment of the late-talking child.'

*Friday, 17 April 1970 at 5.30 p.m.*

MR. GEORGE QVIST. 'The surgical management of various lung lesions.'

*Friday, 24 April 1970 at 5.30 p.m.*

MR. E. J. RADLEY SMITH. 'Fractures of the base of the skull.'

---

### THE UNIVERSITY OF IOWA, IOWA CITY, IOWA

#### DEPARTMENT OF OTOLARYNGOLOGY AND MAXILLOFACIAL SURGERY

A course on the management of Maxillofacial Injuries will be held at the University of Iowa, 11-15 May 1970. Limited to fourteen otolaryngologists, preferably those engaged in academic practice, the course will deal with the immediate and delayed treatment of injuries to the soft tissues and underlying skeletal structures of the face, and with associated dental problems. In addition to lectures and demonstrations, ample laboratory practice will be given in methods of open and closed reduction, interdental fixation and suture techniques.

The fee is \$250.

Applications should be sent to: Leslie Bernstein, M.D., B.D.S., Professor, Department of Otolaryngology and Maxillofacial Surgery, University of Iowa, Iowa City, Iowa, U.S.A. 52240.

## General notes

### SYMPOSIUM ANNOUNCEMENT

The Department of Otolaryngology at the University of Minnesota announces an *International Symposium on Clinical Otology* to be held in Minneapolis, Minnesota on 18, 19 and 20 June 1970.

This Symposium is designed to be of special interest to the man in clinical otolaryngology practice and will concentrate on an in-depth review of current clinical otology. The guest faculty will include Drs. Ettore Bocca (Italy), Dietrich Plester (Germany), Karsten Kettel (Denmark), Howard House, Frederick Guilford, Harold Schuknecht and George Shambaugh, Jr. In addition, faculty members of the University of Minnesota, College of Medical Sciences, and the Mayo Graduate School of Medicine will participate. Topics to be covered during the Symposium include: office otology; preoperative principles and diagnostic considerations; stereo audiometry and problems of the auditory central nervous system; current trends in audiology; otosclerosis; congenital stapes fixation and congenital stenosis; surgical considerations in congenital malformations of the external and middle ear; chronic otitis media and mastoiditis; current tympanoplasty trends in Europe and America; diagnosis and management of vestibular disease; Bell's palsy; sudden deafness; tympanosclerosis; trauma; current state of organ transplant; transplants in otology; sensori-neural deafness; and middle-ear fluid problems.

Live closed-circuit television using large screen projection of on-going surgery will be used for some of the instruction by the guest faculty. Surgical cases for demonstration will include stapedectomy for otosclerosis, congenital conductive deafness or congenital stenosis, tympanoplasty, tympanotomy and mastoid surgery.

Registration for the Symposium will be limited. The registration fee is \$150. Residents may register for \$50.00 with approval of their Department Chairman. A limited number of spaces are being reserved for Audiologists who may also register at a reduced rate of \$50.00. This fee includes the cost of luncheons, local transportation to the course, and a Symposium Banquet. Further information and registration forms may be obtained by writing to Box 193, University of Minnesota Health Sciences Center, Minneapolis, Minnesota 55455, U.S.A.

---

### RESEARCH FELLOWSHIPS IN OTOLARYNGOLOGY

The Department of Otolaryngology (Chairman: Professor D. P. Bryce), University of Toronto, Canada, offers two Research Fellowships for the study of problems related to Laryngeal and Pharyngeal Cancer and Reconstructive Head and Neck Surgery. These Fellowships are tenable for one year as from 1 July 1970. Candidates should be of middle/senior registrar grade and have passed a Final Fellowship examination.

Salary is dependent upon qualifications and experience. Apply in writing, naming three referees to John M. Fredrickson, M.D., F.R.C.S. (C), F.A.C.S., Associate Professor, Medical Sciences Building, 1 King's College Circle, University of Toronto, Department of Otolaryngology, Room 7310, Toronto 5, Ontario, Canada.

## General notes

### JAMES YEARSLEY LECTURE

The 16th Annual James Yearsley Lecture will take place on Friday, 6 March, at 5 p.m. at the Royal Society of Medicine. Mr. John Ballantyne will lecture on 'Iatrogenic Deafness'.

---

### HEARING IN CHILDREN

Continuing Education in Medicine and Health Sciences University Extension, and the School of Medicine, UCLA announce two consecutive courses dealing with ear problems in children to be given by UCLA and guest faculty during the week of 18 May through 22 May 1970.

'Hearing in Children' will be presented 18-19 May 1970. Course Co-chairmen: Victor Goodhill, M.D., Professor of Surgery (Otology) and Irwin Harris, M.D., Associate Clinical Professor of Surgery (Otology). Embryology and paediatric oto-anatomy will precede discussions of psychoacoustics, neonatal testing, auditory maturation, cortical computerized audiometry, and identification audiometry. Advances in basic general paediatric audiology will be presented. Paediatric vestibular testing (electronystagmography) and diagnostic polytome temporal bone radiography will complete the first day. On the second day, specific problems such as rubella, Rh factor, prematurity, cerebral palsy, and genetic deafness will precede a session on communicative habilitation of the deaf infant and child. During this session, hearing aid problems and educational controversial areas will be presented by panels.

Course tuition \$50.00. Residents and graduate students no charge.

'Paediatric Otology—Medical and Otosurgical Problems' will follow on 20, 21, and 22 May 1970. Course Co-chairmen: Victor Goodhill, M.D., Professor of Surgery (Otology) and Seymour J. Brockman, M.D., Associate Clinical Professor of Surgery (Otology). Serous otitis, latent cholesteatoma, and traumatic perforations will be explored in depth. Panels will deal with complications of otitis and mastoiditis including facial paralysis and intracranial problems. Recent advances in radiology, microbiology, and oto-pathology will precede discussions of congenital and acquired atresia, cleft palate ear problems, and mastoidectomy-tympanoplasty techniques in children. Autogenous tragal cartilage and perichondrium uses will be described in detail along with 'open' vs. 'closed' techniques.

Course tuition \$125.00. Residents and graduate students no charge.

Both courses will be conducted along work-shop lines with appropriate audio-visual aids. Question and answer sessions will follow controversial area presentations by panels.

For detailed information, write:

Donald Brayton, M.D.

Associate Dean for Postgraduate Medical Education

UCLA School of Medicine

Los Angeles, California 90024.

## General notes

The University of Michigan Medical Center will hold its annual Otorhinolaryngology Conference on 21 to 23 May 1970 at the new Towsley Center for Continuing Medical Education, in Ann Arbor. Dr. Walter P. Work and staff will discuss and demonstrate latest developments including practical demonstrations of certain diagnostic procedures. Guest lecturers will include:

Howard P. House, M.D., University of Southern California.

Alton H. Miller, M.D., University of Southern California.

Jerome A. Hilger, M.D., University of Minnesota.

Gunnor O. Proud, M.D., University of Kansas.

Requests to enroll in the conference or to obtain further information should be directed to the Department of Postgraduate Medicine, Towsley Centre for Continuing Medical Education, Ann Arbor, Michigan 48104.

---

### EXTRAORDINARY COUNCIL, 7 JANUARY 1970

REPORT, dated 3 December 1969, of the  
COURT OF EXAMINERS

The Court of Examiners reports to the Council that at the recent Final Examination for the Fellowship; 37 candidates presented themselves for the Examination in Otolaryngology, 9 of whom acquitted themselves satisfactorily.

The following are the names of the 9 candidates who are therefore entitled, subject to the approval of the Council, to the Diploma of Fellow:—

GRIFFITH, IOLO PYRS, 117 Cotswold Gardens, N.W.2.	L.R.C.P., M.R.C.S., M.B., B.S. London. U.C.H.
FOX, GEOFFREY CHARLES, 4 Grafton Close, Cyncoed, Cardiff.	L.R.C.P., M.R.C.S., M.B., B.S. London. St. Bart's.
CHEESMAN, ANTHONY DAVID, 79 Cleveland Gardens, N.W.2.	L.R.C.P., M.R.C.S., M.B., B.S. London. Charing Cross.
BOOTH, PATRICK JOHN, British Military Hospital, Munster, B.F.P.O. 17.	M.B., B.S. London. 1955. St. Thomas's.
RICHARDS, LINSELL DONALD, 6 Main Road, Wilford, Nottingham.	M.B., Ch.B. New Zealand. 1959.
HOOPER, ROBIN EDWARD ALAN, 21 McKinley Road, Bournemouth, Hants.	M.B., B.S. Melbourne. 1961.
MANOHARAN, NADARAJAH, City General Hospital, Stoke on Trent.	M.B., B.S. Ceylon. 1961.
BICKNELL, PHILIP GEORGE, 93 Effingham Road, Bristol 6.	M.B., B.Ch. Wales. 1962.
ELCOCK, HUMPHREY WILLIAM, 17 Fraley Road, Westbury-on-Trym, Bristol.	M.B., Ch.B. St. Andrews. 1962.

---

### GEORGE SEED MEMORIAL PRIZE

'The prize which is of the value of 25 guineas is awarded annually by the North of England Otolaryngological Society for the best unpublished work in the field of otolaryngology carried out in the North of England by a non-consultant. The winning essay becomes the property of the Society who will arrange and pay for its publication. Entries should reach the Secretary before 1 September 1970.' Enquiries should be addressed to R. Dunsmore, Flat 6, 6 Lawn Road, Doncaster.

## General notes

### SYMPOSIUM ON OTOPHYSIOLOGY

17-19 SEPTEMBER 1970

An International Symposium on Otophysiology will be held at the University of Michigan, Ann Arbor, on 17-19 September 1970. The Symposium will be sponsored by the S. S. Kresge Foundation and the Deafness Research Foundation, and by the Departments of Otorhinolaryngology and Postgraduate Medicine and the Kresge Hearing Research Institute, University of Michigan Medical School. For information write to Merle Lawrence, Ph.D., Director, Kresge Hearing Research Institute, 1301 East Ann Street, Ann Arbor, Michigan 48104.
