Cover picture

Threads of the time (Hilos del Tiempo) (2007). Maria Betrán Torner (b. 1981)

Digital Collage, graphite and coloured pencil drawing, and photography.

Maria Betran Torner is currently working on her Doctoral Thesis of Fine Arts at the Universidad Complutense de Madrid, having obtained a Degree in Fine Arts from the Universidad de Barcelona. She says that this picture deals with existential questions. It evokes the fluidity of the mind, and how our perceptions and memories of events can change. We can become confused about ourselves and our place in the world. However, Maria prefers that others respond to the image in their own way, rather than being told what the picture is 'about'.

We are always looking for interesting and visually appealing images for the cover of the *Journal* and would welcome suggestions or pictures, which should be sent to Dr Allan Beveridge, British Journal of Psychiatry, 17 Belgrave Square, London SW1X 8PG, UK or bjp@rcpsych.ac.uk
