Notice for Contributors

The Editors welcome articles of a general interest to psychiatrists. Two thousand words is a good length; longer articles, however, will be considered. Tables, diagrams and extensive references should generally not be included. Please submit three copies, typed double space. Correspondence on subjects of topical interest is also welcome.

Contributions are accepted for publication on the condition that their substance has not been published or submitted for publication elsewhere. The views expressed in articles published in the *Bulletin* (except official College material) are the author's own and do not necessarily represent College policy.
