

MRS reports election results for 2017

www.mrs.org/governance

Members of the Materials Research Society (MRS) have elected a vice president (who will serve as president in 2018) and five directors to join the 2017 MRS Board of Directors. In addition, the MRS Board of Directors has appointed the next MRS Secretary. The Board is composed of the officers and 12 to 21 directors, established by Board resolution.

The officers of the Society are the president (who serves as chair of the Board), the vice president (who is also the president-elect), the secretary, the treasurer (a position appointed by the Board of Directors), and the immediate past president. Terms of office expire at the end of the year indicated in parentheses. The asterisk (*) designates those who are newly elected. The annual election ended August 30, 2016.

The Board of Directors is organized into the following governing committees: Audit, External Relations, Finance, Governance, Nominating, Operational and Strategic Oversight, and Planning. Chairs and members of the committees are either designated by policy or are appointed by the president.

2017 MRS OFFICERS

President

Susan Trolier-McKinstry
The Pennsylvania State University

Immediate Past President

Kristi S. Anseth
University of Colorado Boulder

Vice President (President-Elect)

* **Sean J. Hearne**
Sandia National Laboratories

Secretary

* **Eric A. Stach**
Brookhaven National Laboratory

Treasurer

David J. Parrillo
The Dow Chemical Company

Executive Director

Todd M. Osman
Materials Research Society

2017 MRS BOARD OF DIRECTORS

Charles T. Black (2017)
Brookhaven National Laboratory

* **Li-Chyong Chen (2019)**
National Taiwan University

Matt Copel (2018)
IBM Research Division

Paul S. Drzaic (2018)
Apple, Inc.

* **Dawnielle Farrar-Gaines (2019)**
Johns Hopkins University

Yury Gogotsi (2018)
Drexel University

* **Claudia E. Gutierrez-Wing (2019)**
Instituto Nacional de Investigaciones Nucleares

Massachusetts Institute of Technology

Sabrina Sartori (2017)
University of Oslo

Magaly Spector (2018)
The University of Texas at Dallas

* **Molly Stevens (2019)**
Imperial College London

Anke Weidenkaff (2017)
University of Stuttgart

**Newly elected.*

The **Materials Research Society** is excited to introduce its new website... offering a fresh new look and benefits that include:

- Clean, clear design
- Streamlined, user-centric navigation
- Mobile friendly
- Improved site performance, even during heaviest usage periods
- Intuitive search
- Enhanced multimedia capabilities
- New and exciting personalization features
