THE RIGHT TO BE KING

The Succession to the Crown of England, 1603–1714

HOWARD NENNER

“Adds a whole new dimension to our understanding of English history in this era.”—J. P. Kenyon, University of Kansas

“As the survival of the House of Windsor seems uncertain, there is a special topicality in this fascinating study of the problems surrounding the title to the throne and the legitimacy of monarchy in an age when the institution was the norm. Howard Nenner writes attractively and shows an impressive mastery of the sources; his analysis makes an important contribution to legal and political theory.”

—A. W. Brian Simpson, University of Michigan Law School

Approx. 450 pp., \$39.95 • Studies in Legal History

DEMOGRAPHY & DEGENERATION

Eugenics & the Declining Birthrate
in Twentieth-Century Britain

RICHARD A. SOLOWAY

With a New Preface by the Author

“[Soloway] follows the eugenics and population debates through to the present, illuminating the interplay of ideas and social change. . . . [An] engrossing and scholarly study.”

—*American Historical Review*

“[This book] will no doubt remain the standard work on eugenics in Britain for years to come; it can be enjoyed both by scholars and by a wider public with an interest in Britain, in the history of ideas, and in population.”

—*Population and Development Review*

464 pp., \$55.00 cloth, \$18.95 paper

The Home Guard

A Military and Political History

S. P. MACKENZIE, *University of South Carolina, Columbia*

S. P. MacKenzie's detailed and readable history of Britain's Home Guard during and after the Second World War offers a new perspective on the men who took up the challenge.

1995 280 pp. illus. \$29.95

Progress and Poverty

An Economic and Social History of Britain 1700-1850

MARTIN DAUNTON

University College, London

Martin Daunton gives a clear and balanced picture of the continuity and change in the early development of the world's first industrial nation.

LSE

A History of the London School of Economics and Political Science, 1895-1995

RALF

DAHRENDORF

St Antony's College, Oxford

"There is an impressive quantity of scholarship; a truly vast number of relevant facts amassed."—*Times Literary Supplement*.

"His enthusiasm for the institution is obvious in this very enjoyable centenary history, but he is always judicious."—*Financial Times*.

1995 632 pp. illus. \$39.95

British "non-elite" MPs, 1715-1820

IAN R. CHRISTIE

University of London

In the first detailed analysis of its kind, Ian R. Christie examines how far the House of Commons reflected and was itself affected by social mobility. * * * Enquiry is directed at the growth in number of 'non-élite' members of parliament; men without land.

1995 232 pp. \$49.95

The Strategy of the Lloyd George Coalition, 1916-1918

DAVID FRENCH

University College, London

In this new book, David French uses previously unavailable archival evidence to challenge earlier theories about British strategic policy during the First World War.

1995 344 pp. \$55.00

The Bank of England Money, Power and Influence 1694-1994

Edited by RICHARD ROBERTS

University of Sussex, and

DAVID KYNASTON

"This collection of essays appears at a critical moment in the bank's history, when the issue of its independence from government is being fiercely debated."—*Financial Times*.
