# **The Virgin Birth in the Theology of the Ancient Church**

HANS VON CAMPENHAUSEN

After a survey of the material in the New Testament, the author traces the development of thought about the Incarnation and St Mary the Virgin, as focused in this doctrine, up to the 5th century.

# **The Meaning of Sanctorum Communio**

STEPHEN BENKO

These words are, Dr Benko claims, mistranslated every time the Apostles' Creed is recited in English. They may refer to the communion of holy people, but examination of the historical background shows that more probably they mean participation in holy things – in the sacrament which effects the forgiveness of sins.

# **John the Baptist**

CHARLES SCOBIE

A new quest of the historical John. Dr Scobie is well abreast of New Testament studies, and he is well aware of the dangers of going beyond the evidence, but he does present a convincing fresh portrait.
