Editorial

Long-term olfactory dysfunction following coronavirus disease 2019 infection, routine neck dissection at salvage laryngectomy, parotid incidentalomas, and prescribing intranasal steroids in HIV infection: *J Fishman, EW Fisher* 753

Review Articles

Prescribing intranasal steroids in HIV-positive patients: systematic review of the literature: *N Seymour, M Robinson, D Richardson, H Mohammed, D Williams, JA McGilligan* 755

Contemporary management of keratosis obturans: a systematic review: *JA Harounian, VA Patel, H Isildak* 759

Parotid incidentalomas: a systematic review: *CSG Thompson, T Nolli, M Bannister* 765

Adam Brown Kelly and his operating chair: *MF Flynn* 770

Main Articles

Differential expression of angiotensin-converting enzyme-2 in human paranasal sinus mucosa in patients with chronic rhinosinusitis: *T Kawasumi, S Takeno, M Nishimura, T Ishino, T Ueda, T Hamamoto, K Takemoto, Y Horibe* 773

Energy metabolism of cells in the macula flava of the newborn vocal fold from the aspect of mitochondrial microstructure: *K Sato, S Chitose, K Sato, F Sato, T Ono, H Umeno* 779

Is routine neck dissection warranted at salvage laryngectomy?: *S Sharma, DA Chaukar, M Bal, AK D'Cruz* 785

Sinonasal effects of external dacryocystorhinostomy: *H Eyigor, EA Cetinkaya, DT Coban, G Ozturk, Ö Erdem* 791

Comparing intermediate-term hearing results of NiTiBOND and Nitinol prostheses in stapes surgery: *A Koukkoullis, I Gerlinger, A Kovács, Z Szakács, Z Piski, I Szanyi, I Tóth, P Révész* 795

Ultrasound core biopsies of neck lumps: an experience from a tertiary head and neck cancer unit: *M Adeel, R Jackson, T Peachey, N Beasley* 799

The impact of radical parotidectomy with immediate facial nerve reconstruction: a quality-of-life measure: *N Subramaniam, E Luu, R Asher, J Oates, JR Clark, T-H Low* 804

The effect of coronavirus disease 2019 on the hearing system: *Ö Gedik, H Hüsam, M Başöz, N Tas, F Aksoy* 810

A review of telephone consultations for head and neck cancer follow up: a patient satisfaction survey: *R Stewart, L Collins, B Kerr, G Gray, B Devlin, M Black, R Ullah* 815

Calculated versus measured pure tone bone conduction 3 kHz thresholds in sudden sensorineural hearing loss: *S Shilo, T Ziv-Baran, Y Oron, O Handzel, O Cavel, RA Eta, N Muhanna, OJ Ungar* 820

A change in clinical practice for aural foreign bodies – what we learnt from the coronavirus disease 2019 pandemic: *GC Ho, R Thind, D Yap, A Hunt* 825

One year on: assessing the impact of coronavirus disease 2019 on demand for semi-urgent ENT services: *H Allen, J Winstanley, TJ Stubington, O Judd* 829

The accuracy of dry surgical field sublabial biopsy in the diagnosis of sicca syndrome: *L O'Byrne, R Ramli, SG Khoo* 834

Olfactory dysfunction at six months after coronavirus disease 2019 infection: *SR Leedman, M Sheeraz, PG Sanfilippo, DW Edgar, GV D'Aulerio, DM Robb, T Richards, CC Blyth, DA Mackey* 839

Short Communication

How we do it: 'tonsil swabs please' – an alternative use in open neck surgery: *E Mathew, D Nair, T Rourke, R Corbridge* 844

Book Review

846
