Yugoslav Workers' Courts in Comparative Perspective

Robert M. Hayden
Fall 1990. 224 pp. Cloth, 8269-0,
\$28.95 (tentative)

About The Law in Social Context Series

Keith Hawkins and John M.
Thomas, Editors

The study of legal institutions and legal processes is increasingly attracting the attention of social scientists. Law schools have introduced courses concerned with actors and institutions (judges, prosecutors, litigants) alongside the courses dealing with formal rules and case law.

The Law in Social Context Series was established to address these topics, and to provide a forum for discussion of interdisciplinary research in the socio-legal field. Books in the series will lead to greater appreciation of the relationships among issues in law, government, and public policy.

Taxpayer Compliance Volume 1: An Agenda for Research

Edited by Jeffrey A. Roth, John
T. Scholz, and Ann Dryden
Witte
1989. 414 pp, 2 illus. Cloth, 8182-9,
\$42.95

Taxpayer Compliance Volume 2: Social Science Perspectives

Edited by Jeffrey A. Roth and
John T. Scholz
1989. 288 pp, 4 illus. Cloth, 8150-0,
\$36.95
Two-volume set: Cloth, 8187-X,
\$72.95

The Republic of Choice

Law, Authority, and Culture

LAWRENCE M. FRIEDMAN

In this imaginative exploration of modern legal culture, Lawrence Friedman addresses how the contemporary idea of individual rights has altered the legal systems and authority structures of Western society. Every aspect of law, he argues—from civil rights to personal-injury litigation to divorce law—has been profoundly reshaped, reflecting the power of this concept.

“This is the first book that draws on the social research about law that has burgeoned in the last twenty years to produce a general interpretive characterization of contemporary American society. It is full of keen and original observations about the ‘legal culture’ and the public consciousness that informs and expresses it.”

—Marc Galanter,
University of Wisconsin-Madison Law School

“This book synthesizes much that has been going on in American culture, both in general attitudes and more specifically with respect to law and legal culture. There are few legal scholars that have Friedman’s breadth of background across a vast range of legal issues, and this shows in the wide variety of materials and examples that are brought to bear in behalf of his central thesis.”

—Stanton Wheeler, Yale Law School
