PROCEEDINGS OF THE NUTRITION SOCIETY

Volume: 73

Number: 2

May 2014

Available online at
www.journals.cambridge.org

Symposia featured in this issue:

PUFA mediators: role in disease process
Childhood nutrition and obesity: current status
Childhood nutrition and obesity: data collection
Childhood nutrition and obesity: strategies for reducing childhood obesity
Epidemiology of human ageing
Nutritional modulation of the ageing trajectory
Public health interventions to enhance healthy ageing

Proceedings of the Nutrition Society

Volume 73, 2014 ISSN: 0029-6651

Aims and Scope

Proceedings of the Nutrition Society publishes papers and abstracts presented by members and invited speakers at the scientific meetings of The Nutrition Society.

Coverage includes

- Cellular and molecular nutrition (including immunology)
- Nutritional genomics
- Nutrition and the food chain
- Clinical nutrition and metabolism
- Obesity and body composition
- Infant nutrition
- Diet selection and control of intake
- Nutrition and behaviour
- Reproduction, growth and development
- Public health nutrition
- Nutrition policy
- Sports and exercise nutrition
- Animal nutrition and metabolism
- Molecular aspects of nutrition
- Functional foods
- Macronutrient metabolism
- Micronutrients and antioxidants
- Companion animal nutrition
- Epidemiology

The *Proceedings of the Nutrition Society* is published four times a year by Cambridge University Press on behalf of the Nutrition Society. Symposium papers are published in February, May, August and November and are available as hard copy or electronically; Original Communications from individual meetings are published electronically only and comprise an OCE issue.

The journal is available on the Internet at: journals.cambridge.org/pns

Editor in Chief

M O'Sullivan, *Trinity Centre for Health Science, Dublin, Republic of Ireland*

Deputy Editor

A Mostyn, *School of Veterinary Medicine and Science, University of Nottingham, UK*

Editorial Board

M Cantwell, *Queen's University Belfast, UK*

A Chwalibog, *University of Copenhagen, Denmark*

A Cross, *National Cancer Institute, USA*

J E Drew, *Rowett Institute of Nutrition and Health, University of Aberdeen, UK*

M D Robertson, *Diabetes and Endocrinology, University of Surrey, UK*

P Sharp, *Nutritional Sciences Division, King's College London, UK*

M Siervo, *Institute for Ageing and Health, Newcastle University, UK*

Science Committee

K M Younger
Chair/Treasurer

M O'Sullivan
Proceedings Editor

D Bender
Publications Officer

A Gallagher
Programmes Secretary

A Salter
Scientific

E Gibney
Irish Section Secretary

F Thies
Scottish Section Secretary

B Corfe
Cellular and Molecular Nutrition Theme

A Welch
Public Health Nutrition Theme

B Griffin
Whole Body Metabolism Theme

The Nutrition Society has as its objectives the advancement of the scientific study of nutrition and its application to the maintenance of human and animal health.

Honorary Officers of the Society

J J Strain
President

H J McArdle
Secretary

K M Younger
Treasurer

A Gallagher
Programmes Secretary

D A Sewell
External Relations

D Bender
Publications

A Salter
Scientific

B Lang
Training and Education

S Bird
Public Engagement

P Amuna
International Affairs

Application for membership is open to any person who has a genuine interest in the science of human or animal nutrition and its application to human or animal health. Reduced subscriptions are available to full-time student members within 2 years of graduation and retired members, the unwaged and members who reside in very low income countries.

Contents

Royal Society of Medicine, London, 11–12 December 2012

Conference on ‘Dietary strategies for the management of cardiovascular risk’

- Dietary cholesterol, heart disease risk and cognitive dissonance
D. J. McNamara 161–166
- Dietary strategies for the management of cardiovascular risk: role of dietary carbohydrates
I. A. Macdonald 167–171
- ‘The way to a man’s heart is through his gut microbiota’ – dietary pro- and prebiotics for the management of cardiovascular risk
K. M. Tuohy, F. Fava & R. Viola 172–185

Pollock Halls, Edinburgh, 18–19 March 2013

Conference on ‘PUFA mediators: implications for human health’

Symposium 2: PUFA mediators: role in disease process

- Docosahexaenoic acid, protectin synthesis: relevance against atherothrombogenesis
M. Lagarde, M. Liu, E. Véricel, C. Calzada, P. Chen, F. Driss & M. Guichardant 186–189

Dublin Institute of Technology, Ireland 19–21 June 2013

Conference on ‘Childhood nutrition and obesity: Current status and future challenges’

Symposium 1: Current Status

- Diet, lifestyle and body weight in Irish children: findings from Irish Universities Nutrition Alliance national surveys
J. Walton, B. A. McNulty, A. P. Nugent, M. J. Gibney & A. Flynn 190–200

Symposium 2: Data collection

- Challenges involved in measuring intake in early life: focus on methods
E. Foster & A. Adamson 201–209
- Measuring growth and obesity across childhood and adolescence
H. D. McCarthy 210–217
- Measuring physical activity in children and adolescents for dietary surveys: practicalities, problems and pitfalls
J. S. Mindell, N. Coombs & E. Stamatakis 218–225

Symposium 4: Strategies for reducing childhood obesity

- Modifying the food environment for childhood obesity prevention: challenges and opportunities
T. L. Penney, E. Almiron-Roig, C. Shearer, J.-L. McIsaac & S. F. L. Kirk 226–236

Newcastle University, 15–18 July 2013

Conference on Nutrition and Healthy Ageing

Symposium 2: Epidemiology of human ageing

- A life-course approach to healthy ageing: maintaining physical capability
D. Kuh, S. Karunanathan, H. Bergman & R. Cooper 237–248
- Nutrition and healthy ageing: the key ingredients
J. C. Kieft-de Jong, J. C. Mathers & O. H. Franco 249–259

Symposium 3: Nutritional modulation of the ageing trajectory

- Dietary restriction and the pursuit of effective mimetics
C. Selman 260–270
- Can resveratrol help to maintain metabolic health?
P. Schrauwen & S. Timmers 271–277
- The potential for dietary factors to prevent or treat osteoarthritis
J. A. Green, K. L. Hirst-Jones, R. K. Davidson, O. Jupp, Y. Bao, A. J. MacGregor, S. T. Donell, A. Cassidy & I. M. Clark 278–288
- The impact of early nutrition on the ageing trajectory
J. L. Tarry-Adkins & S. E. Ozanne 289–301

Plenary Lecture IV

- Locomotion, cognition and influences of nutrition in ageing
E. Ayers & J. Verghese 302–308

Symposium 4: Public health interventions to enhance healthy ageing

- Ageing, immunity and influenza: a role for probiotics?
P. Yaqoob 309–317

Silver Medal Winner 2013

- Physical activity, sedentary time and adiposity during the first two decades of life
U. Ekelund, M. Hildebrand & P. J. Collings 319–329

Postgraduate Winners 2013

- B-vitamins and bone in health and disease: the current evidence
M. Clarke, M. Ward, J. J. Strain, L. Hoey, W. Dickey & H. McNulty 330–339
- Ethnic differences in calcium, phosphate and bone metabolism
J. Redmond, L. M. A. Jarjou, B. Zhou, A. Prentice & I. Schoenmakers 340–351
- Creating an acute energy deficit without stimulating compensatory increases in appetite: is there an optimal exercise protocol?
K. Deighton & D. J. Stensel 352–358

Proceedings of the
Nutrition
Society

Editor in Chief
Associate Professor M. O'Sullivan
Deputy Editor
Dr A. Mostyn

Forthcoming topics to be featured in *Proceedings of the Nutrition Society* for 2014 (vol. 73):

August issue

- Sustainable Diet and Food Security
(Above proceedings were presented at the joint meeting between the Belgian Nutrition Society, the Société Française de Nutrition and the NS at the Faculté de Médecine, Lille, 28–29 May 2013)
- 5th International Nutrition Society Symposium
(Above proceedings were presented at the Mega Evento Nutrição in Sao Paulo, Brazil, 3–5 October 2013)

November issue

- Diet, gut microbiology and human health
(Above proceedings to be presented at the NS meeting at the Royal College of Surgeons, London, 11–12 December 2013)
- Irish Section Postgraduate Symposium
(Above proceedings to be presented at the NS meeting in Dublin, 13–14 February 2014)

Original Communications

- Changing dietary behaviour: physiology through to practice
(Above proceedings to be presented at the NS meeting at the University of Ulster, 18–20 June 2014)
- Carbohydrates in health: friends or foes?
(Above proceedings to be presented at the NS meeting at Glasgow University, 14–17 July 2014)
- Nutrition and age-related muscle loss, sarcopenia and cachexia
(Above proceedings to be presented at the NS meeting in London, December 2014)

For further details, see our website: <http://www.nutrition society.org/node/17>
