

CHAPTER II

TWENTY NINTH GENERAL ASSEMBLY

BUSINESS SESSIONS

SECOND SESSION: Thursday, 12 august 2015, 16:00-18:00

**Chaired by Norio Kaifu, President of the IAU
Hawai'i Convention Center, Honolulu, HI**

1. Opening and Welcome

The President of the IAU, Prof. Norio Kaifu, welcomed the delegates and members to the second business session of the General Assembly. The President invited the General Secretary, Dr. Thierry Montmerle, to start the business session.

2. Individual Membership

The General Secretary reported that, after screening by the Membership Committee, IAU National Members nominated 1186 new Individual Members, and Division Presidents nominated 13 new Individual Members. The list of new Members was projected on the screen.

3. Deceased Members

The Executive Committee regretfully reported the decease of 348 Individual Members of the Union, since August 2012. The General Secretary displayed their names on slides, and the General Assembly observed a one-minute silence in their respectful memory.

4. Appointment of the Official Tellers

The Official Tellers were duly appointed, and confirmed that the quorum requirements for the National Representatives were duly satisfied.

5. Resolutions

The Resolutions submitted to the General Assembly were examined by the Resolutions Committee, Chaired by Ian Corbett. They were all “B” type, i.e., with scientific content. They were submitted in English and published in the GA Newspaper (“Kai‘aleiaka - The Milky Way”, issue 1, pag. 13) before the vote. The French version was made available on the IAU web site after their adoption.

Article last updated 17 March 2023

These Resolutions were:

B1 on the IAU Strategic Plan 2010-2020: Astronomy for the Developing World.

B2 on recommended zero points for the absolute and apparent bolometric magnitude scales.

B3 on recommended nominal conversion constants for selected solar and planetary properties.

B4 on the Protection of Radio Astronomy Observations in the Frequency Range 76 - 81 GHz from Interference Caused by Automobile Radars.

After discussion and clarifications the four Resolutions were unanimously approved.

6. Elected Division Presidents and Vice-Presidents

The General Secretary presented the names of the Division Presidents and Vice-Presidents that were elected by the Members of the respective Division.

The list is as follows:

Division A: Fundamental Astronomy

President: Anne Lemaître (Belgium)

Vice-President: Daniel Hestroffer (France)

Division B: Facilities, Technologies, and Data Science

President: Pietro Ubertini (Italy)

Vice-President: Michael Burton (Australia)

Division C: Education, Outreach, and Heritage

President: John Hearnshaw (New Zealand)

Vice-President: Susana Deustua (USA)

Division D: High Energy Phenomena and Fundamental Physics

President: Chryssa Kouveliotou (USA)

Vice-President: Elena Pian (Italy)

Division E: Sun and Heliosphere

President: Yihua Yan (China, Nanjing)

Vice-President: Sarah Gibson (USA)

Division F: Planetary Systems and Bioastronomy

President: Nader Haghighipour (USA)

Vice-President: Gonzalo Tancredi (Uruguay)

Division G: Stars and Stellar Physics

President: Corinne Charbonnel (France)

Vice-President: David Soderblom (USA)

Division H: Interstellar Matter and Local Universe

President: Bruce Elmegreen (USA)

Vice-President: Leonardo Testi (Italy)

9. Financial Matters

Report of the Finance Sub-Committee

Presented by Beatriz Barbuy (Chair)

Accounts 2013-2015

The Finance Committee received the Balance sheets reporting income and expenses, for the period 2013-2015, together with a report from the General Secretary Thierry Montmerle. The accounts show overall the usual pattern with however a few differences, listed below:

1. The income from countries is below expectation, due to many countries not having paid so far, with a difference of 130 KE in 2015. This involves small as well as large countries in terms of contributions. This is the same deficit amount indicated in the total budget 2013-2015. We expect that many of the default-payments will be fulfilled along 2015 (according to T. Montmerle there is a historic peak after the General Assemblies).
2. The extra expenses not foreseen in the budget approved in Beijing, concern the following items:
 - (a) Participation of Division Presidents in the Executive Committee meetings each year, amounting to an extra expense of around 90 kE. We understand that this was exceptional, due to the restructuration of the Divisions and Commissions. For the next triennium, it is expected to have one meeting in the third year, including the Division Presidents, in preparation of the following GA, as previously occurred since 2000s.
 - (b) Contribution to the International Year of Light, amount of 30 kE.
 - (c) Office for Astronomy Outreach (OAO), amount of 25 kE. T. Montmerle informed that Japan has been paying most of it.
 - (d) Office of Astronomy for Development (OAD), amounting to an average extra of 100 KE with respect to previous years when no OAD existed.

The Finance Committee recommends approval of the extra expenses 2a,b,c,d. We also recommend approval of the new budget lines on funding for other smaller items (e.g. Planet naming). A compensation of the extra expenses was obtained from the fact that the General Secretary lives in Paris, which is generally not the case, and will be needed again for the next triennium.

The FC members showed some concern as not having an external audit so far. We were informed by Thierry Montmerle that the auditor cannot close his accounts before all amounts are deposited, and it is now waiting for the final amount from CUP. We should receive the external audit report in due time in a few weeks, and certainly before preparing the final report in August.

Finally we recommend approval of the preliminary budget for 2016-2018 which includes a 2% adjustment in the due's unit to take into account inflation. The proposed unit for the years 2016, 2017 and 2018 are, respectively 2800 €, 2860 € and 3035 €.

The present report should be read together with the report received by the FC from the General Secretary Thierry Montmerle, where more details are given (see Chapter V in this Volume).

The report was submitted to the vote of National Representatives, and the budget for 2016-2018 approved with one abstention.
