

All Things British

The Three-Piece Suit and Modern Masculinity

England, 1550–1850

David Kuchta

"An important contribution to our understanding of the transformations in England's economic, political, and social order between 1550 and 1850. Kuchta handles his assumptions, sources, and arguments with sure-handed grace."

—Susan Kingsley Kent,
author of *Gender and Power in Britain, 1640 to 1990*

\$45.00 cloth

The Age of Cultural Revolutions

Britain and France, 1750–1820

Colin Jones and Dror Wahrman,
Editors

In this vanguard collection, the essays, by social and cultural historians as well as by literary scholars, range over many critical themes within this cross-cultural revolution: class, politics, and the nature of social change; gender and identity; race and imperialism; and the reach of the cultural imaginary.

UNIVERSITY OF CALIFORNIA PRESS

The Jews of Britain, 1656 to 2000

Todd M. Endelman

In Endelman's spare and elegant narrative, the history of British Jewry in the modern period is characterized by a curious mixture of prominence and inconspicuousness. British Jews have been central to the unfolding of key political events of the modern period. Their story, less dramatic perhaps than that of other Jewish communities, is no less deserving of this comprehensive and finely balanced analytical account. *Jewish Communities in the Modern World* \$55.00 cloth, \$22.50 paper

NEW IN PAPERBACK

The Boy King

Edward VI and the Protestant Reformation

Diarmaid MacCulloch

"MacCulloch's enviable ease in unraveling complex theological and political positions...make[s] this a formidable achievement. A dramatic period of English history will never look quite the same again."

—*The Independent* (London)

\$15.95 paper

Coward the Playwright

John Lahr

In five dexterously argued chapters, John Lahr investigates all the major plays and many of Noël Coward's lesser-known pieces. Lahr detects a coherent philosophy in which charm is both the subject of Coward's comedies and the trap that makes his very public life a perpetual performance.

The Puritan Revolution and the English Civil War *by Stuart E. Prall*

Beginning with a review of the historiographical conflicts over the causes of the Puritan or English Revolution, Dr. Prall's book combines a narrative of the dominant political, religious, social,

economic, and military issues of the Civil War and the Commonwealth and Protectorate which followed. The author sees this revolution as both a political/constitutional and religious conflict. This book is an excellent combination of classic and revisionist interpretations. The author shows that more recent class or regional interpretations can be made compatible with traditional constitutional interpretations. Relevant documents from the period are included.

The Ingenious Mr. Henry Care, Restoration Publicist

Lois G. Schwoerer

"This is an important and interesting book. It is a detailed study of the life and times of Henry Care, who wrote and published at a time when the press was beginning to come into its own as a major force in politics and in shaping public opinion and debate. The book brings a fresh perspective by concentrating on Care and his polemical opponents, and by covering the reigns of both Charles II and James II."—Tim Harris, Brown University

\$39.50 hardcover

The Art of Alibi

English Law Courts and the Novel
Jonathan H. Grossman

"Jonathan Grossman offers an important exploration of the relationships of physical, political, and narrative forms of the law in the early Victorian period. His powerful readings form an essential tool for understanding the way writers like Dickens and Gaskell used juridical forms to make important innovations in literary form. His use of visual material as well as court records to illuminate these readings is marvelous."—Hilary M. Schor, University of Southern California

"The crossover territory between legal studies and literary criticism is a subject of central interest to scholarship. Grossman's study deals with this subject in a fresh and vigorous manner that presents a young critic who will make his mark."—John Sutherland, University College London

\$39.95 hardcover

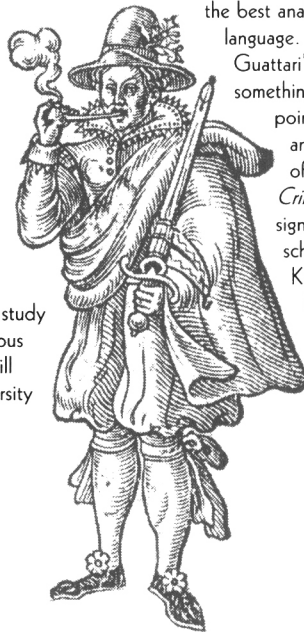

Becoming Criminal

Transversal Performance and Cultural
Dissidence in Early Modern England
Bryan Reynolds

"*Becoming Criminal* is ambitious Althusserian analysis of the criminal subcultures of Renaissance England. For Reynolds—who was, as he tells us, initiated into a fascination with criminality when he was a high school student in Scarsdale—the rogue pamphlets, anti-theatrical tracts, and repressive legislation of the late sixteenth century are not the expression of paranoia in high places. Rather, they disclose the existence of a strange 'transversal power,' an alternative, oppositional culture whose values threatened the established order and whose visionary energies continue to haunt our own world."—Stephen Greenblatt, Harvard University

"Reynolds has some very new and valuable reconceptualizations of the rogue pamphlets and criminal literature of the late Tudor—early Stuart period in England, and he has provided the best analysis I know of their language. He expands Félix Guattari's term 'transversal' to something far more suggestive, to point towards a conceptual and experiential expansion of boundaries. *Becoming Criminal* is a valuable and significant contribution to scholarship."—Arthur F. Kinney, University of Massachusetts

Gender, Religion, and Science

NEW FROM CHICAGO

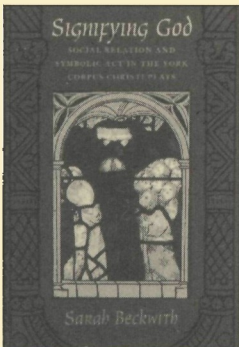

RECONCILING SCIENCE AND RELIGION

The Debate in Early-Twentieth-Century Britain
Peter J. Bowler

"A fascinating and detailed account of the interaction between science and religion in Britain in the first half of the twentieth century. Peter Bowler's book will be of great interest to all those concerned with the historical approach to these complex interdisciplinary questions."—Rev. John Polkinghorne, author of *Belief in God in an Age of Science*

CLOTH \$40.00

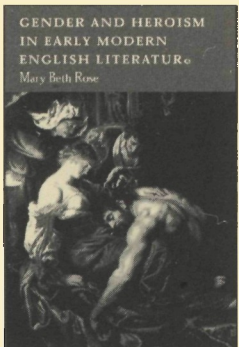

SIGNIFYING GOD

Social Relation and Symbolic Act in the York Corpus Christi Plays
Sarah Beckwith

"Sarah Beckwith has found in religious drama—the York Corpus Christi plays—the essence of social relations in a sacramental universe. The worlds of Chaucer, Margery Kempe, and Shakespeare are explored through dramatic acts which were tokens of love and belonging. . . . Her writing is inspired and inspiring; her answers, crafted with imagination and intellectual fervor, illuminating to those interested in religion, community, and the materiality of hope and belief."—Miri Rubin, author of *Corpus Christi: The Eucharist in Late Medieval Culture*

CLOTH \$35.00

GENDER AND HEROISM IN EARLY MODERN ENGLISH LITERATURE

Mary Beth Rose

"This is an important work that makes arresting claims about the changing nature of heroism in the seventeenth century. Rose brings together an unusual assemblage of primary texts, in effect altering the canon of works through which heroism is defined and understood. Anyone interested in gender and the cultural history of early modern England will find this book essential reading."—Jean E. Howard, Columbia University
