

Regional and State Political Science Associations

At the 1980 Annual Meeting of the Association, officers of the state and regional associations again met. The meeting provided officers an opportunity to discuss mutual concerns in conducting state and regional associations as well as ways in which the organizations can be strengthened.

PS is publishing its annual list of state and regional political science associations including organizations, officers, publications, and meetings in this issue. Further information as well as additions or corrections to the list will be appreciated.

Detailed information on activities and meetings of state and regional associations for the past and forthcoming conference section of *PS* will also be most welcome.
