Bibliographies for African Studies, 1980-1983

By Yvette Scheven

This volume is the continuation of Yvette Scheven's highly acclaimed two previous compilations (covering 1970-1975 and 1976-1979 respectively), and describes almost 1,200 bibliographies published between 1980 and 1983 dealing with sub-Saharan Africa, and with the social sciences and humanities. It includes bibliographies appearing as articles or as separately published monographs, written in the major Western languages. Most were personally examined by the compiler who notes for each the number of items in the bibliography, the languages, dates and types of material covered, and whether indexed. Material is listed under some 90 subject and geographical sections, and there is an extensive index.
