W. J. GAGE LIMITED is proud to announce publication of the second volume in its series of Canadian dictionaries. Intended for Grades 6 to 9, *The Intermediate Dictionary* contains over 64,000 entries and nearly 90,000 meanings. It includes many common Canadian terms and meanings that were not in *The Beginning Dictionary* and have never been entered in any other dictionary.

Edited by linguists who are established scholars in the field, these dictionaries are almost unique in attempting a linguistically honest description of Canadian English—in terms of vocabulary, spelling, and pronunciation.
