

## LIST OF PAPERS READ, BUT NOT PUBLISHED

The amplitude interferometry program

**D. Currie**

CCD astrometry at KPNO and USNO-Flagstaff

**C. C. Dahn and D. Monet**

Reduction of VLBI observations

**T. A. Herring**

Radio interferometric astrometry: techniques and results

**K. Johnston**

The astrometric applications of interferometry in the visual and infrared regions of the spectrum

**C. H. Townes**
