

CORRIGENDUM

The effect of long-term calcium supplementation on indices of iron, zinc and magnesium status in lactating Gambian women

**BY LIYA YAN, ANN PRENTICE, BAKARY DIBBA, LANDING M. A. JARJOU,
DOROTHY M. STIRLING AND SUSAN FAIRWEATHER-TAIT**

Vol. 76 (1996), no. 6

Tables 1–4, pp. 825–828

All values cited in the Tables for urinary Mg output (mmol/d) should be divided by 10 to give the correct value.
