Nobody Handles Patient And Staff Protection Like Kimberly-Clark.

Patient and staff protection isn't simply evolving. It's undergoing radical change... bringing with it both important advances and serious challenges. As a world leader in this vital area, Kimberly-Clark is uniquely suited to help your hospital keep up with the advances and meet the challenges. Our patented **nonwoven** fabric technology has kept **Kimberly-Clark products** on the leading edge for nearly two decades. And

in today's complex health care environment, the quality protection provided by our personal protective equipment, surgical packs and gowns, and sterilization wrap is more important than ever.

So is our wealth of innovative programs designed to help hospitals deal with critical issues such as cost management, OSHA compliance, waste management, staff education and hospital-physician relationships. We continually enhance these programs through intensive R&D, as well as through direct feedback from our many customer advisory panels.

Technologically advanced products. Innovative customer programs. Together they can make a world of difference in your patient and staff protection. For more on what Kimberly-Clark Professional Health Care can do for your hospital, call our PARTNERS IN QUALITY@ Helpline, 1-800-KC-HELPS (1-800-524-3577).

The Society for Hospital Epidemiology of America (SHEA) and SLACK Inc. Copyright and Republication Policy

The Society for Hospital Epidemiology of America (SHEA) and SLACK Inc. hold copyright on *Infection Control and Hospital Epidemiology*. We request that all authors of works transfer to SHEA and SLACK Inc. all rights, title, and interest to such works, including copyright. In accord with the Copyright Act of 1976, we must acquire every author's signature to effect the transfer. A written work cannot be considered for publication until the "Assignment of Copyright" form is signed by the author or authors and is on file at the editorial offices. Please submit this signed form with your manuscript. In the event that a manuscript is not accepted for publication, this agreement will be returned to the authors.

Signed "Assignment of Copyright" forms confirm that a work submitted has not previously been published, is not subject to copyright or other rights except those of the author to be transferred to SHEA and SLACK Inc., and is not under consideration for publication elsewhere, except under circumstances communicated in writing at the time the work is submitted.

Permission to reproduce any part of the works published by SHEA and SLACK Inc. in *Infection Control and Hospital Epidemiology* in any form or by any means, electronic or mechanical, is not permitted without written permission from SLACK Inc.

Assignment of Copyright

In consideration of SLACK Incorporated and The Society for Hospital Epidemiology of America (collectively called the "Publisher") in publishing my (our) submitted manuscript, the undersigned hereby transfer(s), assign(s), and otherwise convey(s) all copyright in the manuscript to the Publisher. The undersigned declares that the manuscript is original and, to the best of the undersigned's knowledge, contains no matter that is libelous or unlawful or that infringes upon anyone else's rights of copyright.

In addition, we affirm that the work is the work of every author listed and is not under consideration for publication elsewhere, except under circumstances communicated to the Publisher in writing at the time the work is submitted.
