SUBJECT INDEX 5

Articles, reports, and other signed contributions—except book reviews—are listed alphabetically by title under general subject headings.

INDEX OF BOOKS REVIEWED 39

Books are arranged alphabetically by author (by title if there is no author). A dash before an entry indicates that the author or title is the same as in the preceding entry. The reviewer's name is in parentheses.

INDEX OF AUTHORS 78

All authors who have written for the journal are listed with their contributions. Books they reviewed are identified by number to correspond with the numbered entries in the Index of Books Reviewed section.

The VOLUME NUMBERS of the *Slavic Review* and predecessors are listed and explained on the inside back cover. All references in this Index give the year of publication, issue number, and page number. *Example: 1964:4:717*

TRANSLITERATION. Various systems for transliterating the Cyrillic alphabet have been employed by editors of the journal. The modified Library of Congress system that is now used in the *Slavic Review* has been adopted in the Index; however, the original spelling in article titles has been retained.
